Good-Will Visit To Yokohama Planned; To Dispel Uneasiness

OTHER SHIPS WILL ALSO VISIT JAPAN

Visits Are Timed At Start Of U. S. Fleet Maneuvers In Pacific

(International News Service)
WASHINGTON, April 3.—The United States today moved to dispel any uneasiness in Japan over the American fleet maneuvers in the Pacific next month.

Secretary of the Navy Swanson announced that Admiral Frank B. Upham, commander-in-chief of the Asiatic fleet, would pay a good will visit to Yokohama on May 3, the very day on which the fleet maneuvers are scheduled to commence in the Pacific.

Good-will visits of other warships of the Asiatic fleet to Japanese ports will follow in quick succession. Eleven destroyers of the fleet will visit Kobe from May 4 to May 17.

Follows Protests

This move by the navy department to have the Asiatic fleet pay a good-will visit to Japan on the very day the fleet maneuvers commence in the Pacific followed receipt at the navy department of a virtual deluge of letters from pacifists expressing apprehension over the (Continued On Page Two)

PA NEW OBSERVES

The downtown and some of the residential districts were enveloped this morning in a haze that required motorists to use extreme caution. The mist lifted once the sun began to shine.

It will be just 18 years ago—on Saturday, the 6th—that the United States formally entered the late world war. It was on a Friday that the House at Washington passed the war resolution, at 3 o'clock in the morning. Army Day is what April 6 has now become.

Just how many residents guide their mailing in street letter boxes by the posted schedules of the postman's visit is hard to say, but Pa New wonders if some of the schedules aren't a bit out of date.

Legion To Back Vinson Measure

American Legion Will Go Down Line For Vinson Bill For Payment Of Bonus

(International News Service)
INDIANAPOLIS, Ind., April 3.—The American Legion will go down the line behind the Vinson bill, which provides for immediate payment of the bonus without inflation, the national executive committee decided here.

The decision of the 56 national executive committee of the Legion endorsed the leadership of Frank N. Belgrano, of San Francisco, national commander, who has led the fight for passage of the Vinson bill.

The Legion scorned the inflationary Patman bill, backed by the Veterans of Foreign Wars.

VOLIVA LOSES ZION ELECTION

(International News Service)
ZION, Ill., April 3.—Wilbur Glenn Voliva sadly surveyed the wreckage of his political and religious kingdom today and announced that his foes were "in league with the devil."

Voliva, exponent of the theory that the world is flat, saw his 23-year rule of Zion City swept away in a rush of hostile ballots at the municipal election.

William Edwards, contractor who redecorated the White House for President Coolidge, defeated Voliva's candidate for the mayor's chair. All four of the over-seer's candidates for city commissioners lost as did his man for police magistrate.

Warning Given France On Trade Discrimination

Debt Defaulting Nation Also Discriminating Against U. S. Commerce

U. S. PLANS TO HALT PRACTICE

Will Retaliate Strongly In Trade War If Complaint Is Unheeded

(International News Service)
WASHINGTON, April 3.—France, leader of the debt defaulting nations of Europe, today faced condemnation to the state department's economic blacklist unless it immediately ends its discrimination against American commerce.

The French government was under a virtual ultimatum from Secretary Cordell Hull to remove its discriminations against American trade or accept the consequences.

Without Concessions
The latter, under the new national trade defense policy adopted by the state department, would constitute the withholding from France of trade concessions which this government intends to grant other nations under the reciprocal trade agreement program.

Disclosures that France has been discriminating against a long list of American products, especially rubber goods, canned fish and electric articles, prompted Hull's action.

Not only was the warning brought to the attention of the French ambassador, but Hull let it be known publicly that unless France promises to mend its ways within the next few days, it will be stricken from the list of those nations now eligible to benefit from American trade concessions.

KELLY ELECTED CHICAGO MAYOR

Named By Large Majority Of Vote Cast At Tuesday Election

(International News Service)
CHICAGO, April 3.—Edward J. Kelly today embarked on his second term as mayor of Chicago—his first elective one—approved by the highest vote ever recorded for a Chicago mayor, and the highest majority ever given the chief executive of any American city.

Polling better than 75 per cent of the total vote cast, the Democratic party candidate was elected mayor by 798,155 votes. Every one of the city's 50 wards went to Kelly.

Kelly's smashing majority over his two opponents, Emil C. Wetten, Republican, and Newton Jenkins, Third party nominee, was 543,853 votes.

The mayor's inauguration is scheduled for April 15 at the first formal meeting of the new four-year city council.

Poland Would Join General Non-Aggression Pact Is Report

(BULLETIN)

(International News Service)
WARSAW, April 3.—The two-day conversations between Captain Anthony Eden, roving representative of the British government, and Polish officials came to a close this afternoon with issuance of a communique that threw little light on their deliberations.

It was a characteristic official utterance, and nothing in it was calculated to affirm or deny the prevalent belief that Poland remains opposed to the much-discussed eastern Locarno pact but would be willing to participate in an innocuous non-aggression agreement.

Exchange Of Views
"Captain Eden," the communique read, "gave Col. Joseph Beck (the Polish foreign minister), an account of the exchanges of views the British had in Berlin and Moscow on the basis of the London communique of February 3."

"The conversations were cordial. Col. Beck informed Captain Eden of the government's view of the matters set forth in this communique as well as of the present international situation."

"It was agreed that exchange of views of an exploratory character well fulfilled its purpose. The desirability of maintaining close contact regarding future developments in (Continued On Page Two)

(BULLETIN)

(International News Service)
FREDERICKSBURG, Va., April 3.—County authorities were confronted today with a brutal murder, and they feared a second one, with the discovery of the body of Mrs. John T. Coleman, 65, stuffed into a well on a farm ten miles south of here.

A search was instituted for her husband, 75, of whom no trace has been found.

A negro workman on the place told police he had last seen the elderly couple at 6:30 o'clock last night. When he returned to work this morning, there was no trace of them. Their usually neat house had been ransacked and torn up. Later, Mrs. Coleman's body was discovered in the well.

Deadlock Ties Up Work-Relief Bill Action At Present

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, April 3.—President Roosevelt's \$4,880,000,000 work relief bill was tied up in congress today by the administration's desperate fight to secure unlimited authority to use the fund for the purchase or erection of electric light and power plants.

This was revealed as the purpose of the administration's fight against inclusion of a provision, calling for expenditure on "direct labor" of one-third of a \$900,000,000 fund allocated to new public projects. It became known when Speaker Byrns announced the administration would not accept such a provision, even if the limitation were slashed to ten percent for labor.

Considers Plant Loans

It was learned the administration was considering loans to New York City for construction of a power project there and to Memphis, Tenn., for purchase of an existing project. Any limitation on use of the public project fund, it was pointed out, would prevent such loans, because none of the money would be used for employment of new labor.

The situation appeared deadlocked because house and senate conferees on the bill broke up a conference without reaching an agreement and without fixing a date for another session. The senate conferees had offered to reduce the limitation to 25 per cent but house conferees refused to accept it.

Dinsmore Is Not Located

Several Rumors Are Run Down But Prove Unfounded

Despite an intensive search by city, county and state officers, no trace of John W. Dinsmore had been found up to this afternoon. Several rumors which usually follow a disappearance were run down but found to be valueless. However, the officers are not ignoring any clues.

Mr. Dinsmore disappeared sometime after Friday night midnight after having been in a restaurant on South Jefferson street. Because his automobile was not taken out, and he left his overcoat in the restaurant where he was last seen, his relatives and friends believe that he has either met with foul play or had an accident.

Mr. Dinsmore is 62 years of age, 5 feet 6 inches in height, weighs approximately 180 pounds, has a rugged complexion, blue eyes, and grey mustache. On Friday night he was dressed in a brown suit, brown shoes, brown felt hat and had on a red necktie.

Mellon Turned Bank Holdings Over To Brother

By WILLIAM J. KELLY
International News Service Staff Correspondent

PITTSBURGH, April 3.—When Andrew W. Mellon became secretary of the treasury in 1921 after much hesitancy he turned all his bank holdings over to his brother, the late Richard B., but never was paid for them, the wealthy financier testified before the U. S. Board of Tax Appeals here today.

The holdings, valued at \$10,000,000, were taken by Richard so that Andrew could qualify for the cabinet post offered him by the late President Warren G. Harding. Although he paid nothing on the principal, Richard did pay interest which increased from time to time, Mellon told Chief Government Counsel Robert H. Jackson.

"In the event of either the death of your brother or yourself the estate of R. B. Mellon was free to return the stocks and cancel the obligation," Jackson asked.

Unable to recall at first, Mellon refreshed his memory from the agreement reached in March, 1921, and replied:

"Yes."
In 1930, the holdings were turned over by Richard to Paul Mellon, son of Andrew. Mellon forgave his son \$8,000,000 of the obligation and accepted notes for the \$2,000,000 balance.

When Jackson called his attention to the interest increases, Mellon said he knew nothing about the second one until the government started its battle to collect \$3,089,261 in additional taxes and penalties on his 1931 income. The government contends interest increases were equivalent to dividend increases on the bank stock.

Hitler Admits Aerial Parity With Britain

Sir John Simon Says Hitler Declared Air Forces Of Two Nations On Parity

BRITISH HOUSE GETS INFORMATION

Members Startled By Report From Recent Berlin Conversations

By HUDSON HAWLEY
International News Service Staff Correspondent

LONDON, April 3.—On the word of Chancellor Adolf Hitler himself, Germany already has aerial parity with Great Britain, foreign secretary Sir John Simon told the house of commons today.

Reporting for the second time on his historic conversations with the Fuehrer in Berlin, Sir John startled the House by revealing Hitler had told him Anglo-German air parity already exists.

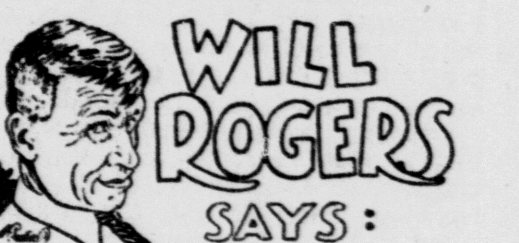

(Editor's Note: Estimates regarding Britain's present air strength vary widely. Some estimates place Britain's fighting planes at 1,593, with 472 more for the dominions, giving a total of 2,065, but the statesmen's year book, a usually reliable authority, lists the total at 1,128.)

Germany On Parity

Simon's revelation came when Sir Charles Cawston asked whether, during the Berlin conversations, Hitler had indicated the present size and strength of the German air force.

"Yes," the foreign secretary replied. "In the course of the conversations, the German Chancellor stated in general terms that Germany had reached parity with Great Britain in the air."

Geoffrey Mander, Laborite, then questioned Sir John regarding a statement issued by the Germany embassy here on Saturday denying, (Continued On Page Two)

ADMIRAL BYRD REACHES COLON

Denies Reports Health Shattered

Undecided As To Possible Further Trips To South Pole

APPEARS TO BE IN GOOD HEALTH

(International News Service)
COLON, Panama, April 3.—Flatly denying reports his health is shattered, Rear Admiral Richard E. Byrd arrived here today aboard the steamer Rangitiki on a pleasure trip.

"It is true that I have been ill," the noted explorer said. "But I am recovering nicely. It is nothing serious."

Questioned regarding reports he had abandoned explorations entirely for the future because of the hardships suffered on his last Antarctic trip and the inroads it made upon his health, Byrd said:

"I cannot say whether I shall ever travel to the South Pole again."

Byrd appeared to be in excellent health. He said he had gained considerable weight on his trip here.

RELEASE DRIVER AFTER INQUEST

(Continued From Page One)
Emma Lawrence, who was with her father that morning on her way to high school in New Castle, told a story similar to her father's.

Saw Child Struck
Mrs. McFarland, who resides on the New Wilmington-Pulaski road, told of coming to the accident scene after Lawrence had stopped to let the children out. She said she stopped, as she felt she would not have time to pass the Lawrence car in the face of the oncoming machine. She saw the child struck, but did not look at anything after that.

Curtis Fritz, who was an occupant of the Lawrence car told practically the same story as Mr. Lawrence and his daughter Emma.

Joseph Vent, highway patrolman, told of being called to investigate the accident. He said that he had made measurements at the scene of the accident and found the school zone sign south of the Mitchell school was approximately 349 feet from the place where the child was struck, and the north sign 239 feet away. He said that the left fender and left headlight of the Bator car had been damaged.

Tells Of Collision
Carl Krajovich, aged 14, of 629 Emerson avenue, Farrell, who was with Bator told of having come to New Castle with Bator, who is his uncle, to bring a woman to the bus depot here. He said that their car was being operated about 30 to 35 miles an hour. He said that Bator had stopped quickly after striking the little girl.

Mike Bator said that he was not operating at an excessive rate of speed. He said he kept slowing up as he approached the car of Lawrence and Mrs. McFarland, parked along the side of the highway, when suddenly the little girl ran out from behind the Lawrence machine. He said he stopped within 10 to 15 feet after striking the child. In company with the teacher, another young man, and his nephew he had taken the child to the hospital. The car which he was driving belonged to his brother-in-law, he stated.

The jury which heard the testimony was composed of John J. Daugherty, John Haley, J. N. McCandless, Earl Moffatt, Charles E. Allen and J. F. Meegan.

Poland Not Budged
Warsaw, April 3.—Britain's case for "collective security," suavely argued for two days by young Capt. Anthony Eden, today left Poland unbudged in her position astride the European diplomatic fence.

Marshall Joseph, Pilsudski and Foreign Minister Joseph Beck, it was understood, made no commitments in their talks with the British Lord Privy Seal, and flatly told him that Poland, because of her geographical position, was unwilling to enter an eastern European mutual assistance pact.

A compromise formula was discovered, but Capt. Eden will carry back with him no more than an expression of possible willingness of Poland to join an innocuous general non-aggression pact.

Continuation of Poland's close union with France, however, was indicated in the invitation to Foreign Minister Pierre Laval of France to visit Warsaw late this month, after the tri-nation conference at Stresa, on his Moscow trip. Laval accepted.

The friendliness of the Anglo-Polish conversations was evident in the optimism prevalent in Warsaw political circles tonight, and both sides said the talks were "satisfactory."

With Germany's and Poland's rejection of the eastern Locarno pact in his attaché case, and with Soviet Russia's staunch support, Capt. Eden continues to press tomorrow, where he is expected to win the approval of Czechoslovakia and the other two nations of the little entente for the proposed treaty.

He conferred with senate leaders and conferees from both house and senate. He seemed to be making little headway toward a peaceful compromise.

The administration apparently has retreated from the threat of Senator Robinson, the senate leader, to demand the discharge of the present senate conferees, who are led by Senator Carter Glass (D) of Virginia, and appointment of new ones, friendly to the president's policies.

This retreat was taken after confidential polls revealed the senate would defeat any such effort, and vote to stand by Glass and his present associates. The latter included Senators McKellar (D) of Tennessee, Copeland (D) of New York, Keyes (R) of New Hampshire and Hale (R) of Maine.

Swanson said he saw no justification for this apprehension, pointing out that the navy has held similar maneuvers in the same area in recent years. In response to questions, he said that in 1928 and 1932 the combined fleet maneuvers were held in the eastern Pacific and in the Hawaiian area. In 1925, the combined maneuvers extended not only to Hawaii, but all the way to Australia.

Swanson added that in view of this fact there was "not a bit" of justification for the apprehension being expressed over the maneuvers next month.

COMPENSATION BILL PROVISIONS OPPOSED

(International News Service)

HARRISBURG, April 3.—House and senate committees today studied a mass of testimony gathered at hearings on the administration's compensation, milk, tobacco and amusement tax bills when divergent viewpoints on the desirability of the measures were expounded by scores of speakers.

Representatives of the Pennsylvania State Chamber of Commerce warned the house labor committee the administration's compensation bill, greatly liberalizing the present statute, will drive business and industry from the state by increasing their costs \$50,000,000 a year in addition to new taxes.

"The compensation law as it now stands has from the time of its inception enjoyed the confidence of the public," said T. Hardy Walnut, a former chairman of the workmen's compensation board, adding a warning: "I'm afraid the measure now offered will tend to destroy that confidence and by raising costs to an unbearable degree wreck the whole system."

Henry I. Wilson, of Indiana, a former state representative and co-author of the present act, warned the committee the new measure would give West Virginia bituminous mines a great price advantage over Western Pennsylvania mines. E. B. Dorset, former master of the state grange, argued the new bill would curtail the farmers' markets by decreasing employment.

Other speakers against the measure were John H. Wilson, Seranton, representing the anthracite industry; William H. Chestnut, Philadelphia, Baldwin Locomotive Works; Arno P. Mowitz, Philadelphia, Full Fashioned Hosiery manufacturers; and Henry A. Gordon, Wilkes-Barre. Several written protests were sent to Rep. John Youshishin, Luzerne, labor committee chairman.

Pittsburgher To Sing At Concert

Robert Johns, Noted Baritone, Will Be Vocalist On Friday Night

A distinguished Pittsburgh baritone soloist, Robert Johns, member of the choir of the First Presbyterian church of that city, will sing at Friday night's public concert of the Senior high school band and orchestra at the Senior high school auditorium, it was announced today.

The concert is being sponsored jointly by the New Castle chapters of the Parent-Teacher association.

Mr. Johns, noted as a singer in the Pittsburgh district, was obtained for the concert through the efforts of Councilman D. O. Davies, a close friend. For the past three vacation seasons, it is said, Johns has been a member of the opera company which has appeared at Atlantic City's Million Dollar pier.

The orchestra and band of the high school will appear under the direction of their director, Joseph F. Replogle.

This session was called at the behest of France to "try" Germany for alleged violation of the Versailles treaty because of Hitler's conscription decree.

WELCOME NEW PAIR OF JUNIOR KIWANIANS

Kiwanis Bids Farewell Today To Retiring Youths; Sees One-Act Play

Two retiring Junior Kiwanians of the New Castle Kiwanis club sang their swan songs today while their successors chosen by Principal Frank L. Orth of Senior high school, were formally introduced.

The retiring juniors, Robert Brown and Lawrence Bennett, spoke briefly. Brown introduced James Fox and Bennett presented his successor, Thomas Schnebly. The retiring pair received framed Kiwanis creeds.

It is customary for the retiring Junior Kiwanians to conduct the program on their final day and for today's entertainment Brown and Bennett brought five students of the Senior high dramatic class to present a one-act play, "The Fatal Pill."

The play's student director, Kathleen Shuttleworth, introduced the four participating characters as follows: Mrs. Bosser's role was played by Jean Hoose; Florence Bosser's role played by Helen Bauman; Mr. Bosser, played by James Bradford, and Jack Gusher, played by Joseph Fisher.

A new pair of Junior Kiwanians is chosen by the club every three months from among outstanding high school students.

The Kiwanians planned today to attend a district Kiwanis rally at Grove City, on Tuesday evening, April 9. On Friday, April 5, the club's board of directors will meet.

Funeral services are to be held at 2 p. m. Friday from the home of Mrs. Black, Greenville, and interment will be made in Butler.

Funeral Of Mr. Swift

Funeral services for Joseph A. Swift of Pittsburgh, formerly of New Castle, were conducted from the home of his parents, in State College, Pa., at 2 o'clock Tuesday afternoon, and interment was made at Phillipsburg, Pa.

Mr. Swift was born in Phillipsburg in 1893. He was well known in New Castle, having lived here for a number of years, during which time he was connected with the Atlantic Refining Company. For the past few years he had been employed in Pittsburgh.

He leaves two children, Maxine and Paul, both of New Castle; his parents, Mr. and Mrs. Joseph Swift, Sr., of State College, Pa.; two sisters, Mrs. Ernest Anthony, of Lansing, Mich., and Mrs. Herbert Armstrong, of Chicago, Ill., and one brother, Alfred Swift, of Erie, Pa.

Time of Funeral.
Funeral services for Charles Smith of Preston avenue will be conducted at the Ritchie funeral home on Thursday afternoon at 2 o'clock. Interment will be made in Greenwood cemetery.

Funeral Of Mr. Young

Funeral services conducted for Albert Nathan Young at the residence, 758 Lathrop street, Tuesday afternoon, were attended by a large number of friends. D. J. Greer Bingham, pastor of the Wampum Presbyterian church, was in charge.

Pallbearers were Howard Burdett, Robert Booth, David Rowland, Howard Duncan, Byron Pitzer and Wilbur Reynolds.

Interment was made in Clinton cemetery.

Leave At Two O'clock

Announcement is made that the body of Ella Catherine Emery, 14-year-old daughter of Edward B. and Stella D. Emery, will be taken from the home, 2 Elmwood avenue, at 2 o'clock Thursday afternoon, to the Christian and Missionary Alliance church on Pearson street, where funeral services will be conducted at 2:30 o'clock as announced yesterday.

SEEK TO AVERT AKRON STRIKE

(International News Service)
AKRON, O., April 3.—Machinery of the National Labor Relations Board today was thrown into gear in an attempt to forestall the strike which threatens Akron's major rubber companies.

Ralph A. Lind, director of the Cleveland Regional Labor Board, came here today to meet with "interested parties"—a conference which he hopes will halt the threatened walkout.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food can't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, and often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at drug stores. © 1931 C. M. Co.

CAMPAIGN OF Y. W. WILL BE OPENED TODAY

—Pauline Booher, president of Senior High Girl Reserves.

"What the Y. W. C. A. Means to Me"—Mrs. Anna Vago, president of I. I. Mother's Club.

Instruction to Workers—Dr. Mildred Rogers.

"God's Dreams"—Patricia Blaine of Ben Franklin Girl Reserves.

At this time the workers will receive their "prospective member" cards. Each has promised to visit twenty different women and girls during the two week period.

In order that there will be no duplication the names of the prospective members are being checked off a master list.

See Successful Campaign
This year's campaign shows promise of being one of the most successful ever held. Already numerous renewals have been received from last year's members and a great interest is being manifested by the members of all girls' and women's clubs of the association.

Many of the club girls are arranging to pay their dollar membership on a quarterly installment basis.

The local Y. W. C. A. has always been outstanding institution in New Castle but in the past five years it has grown to a tremendous importance. It has contacted more girls than ever before and has become a very active factor in their spiritual and educational progress.

It has provided clubs to meet the interests of all girls; those engaged in business and professions, those who work in factories, those who are unemployed, those still of school age, and those of the various nationalities and races. In addition

classes and clubs have been organized for married women of foreign birth, an employment bureau has been active and serviceable operation, aid has been given to travelers, dormitory accommodations have been given to women temporarily without means, and an annual summer camp is maintained for young girls.

That the widespread importance of the association to New Castle has been recognized by the women of the community is indicated by the hearty response given during each membership drive. The total number of memberships last year was over 600—a greater number than the association has had since its organization. This year it is hoped to boost the number to 1000.

make the campaign a success," he said. The speaker then told of the larger program which the Y. M. C. A. affords its members. Samuels closed by stating that the goal is 800 members.

Fred Rentz Speaks
President Fred L. Rentz, of The News, in a most interesting manner gave a brief history of the local Y. M. C. A. Rentz told how Tra D. Sankey, a local citizen, some years ago gave the city the Y. W. C. A. building which was then the Y. M. C. A. "A Y. M. C. A. is a good advertisement for any city," Mr. Rentz asserted. He urged enthusiastic support of all the campaigners. Before closing, Mr. Rentz said that arrangements are being made to install more cabins at Camp F. L.

THREE PERSONS BURN TO DEATH

(International News Service)

NEW YORK, April 3.—A mother and two of her four children were burned to death and thirty other persons escaped today when fire swept a five-story Bronx tenement house.

The dead are Mrs. Mary Doppio, a son, Jack, 23, and 11-year-old daughter, Florence. The father and two other children escaped with minor burns.

Eight other families escaped the flames which broke out in a butcher shop on the first floor and mushroomed rapidly through the structure.

JUNIOR B. P. W. CLUB HEARS FINE ADDRESS

Tuesday evening members of the Junior Business and Professional Women's club, numbering nearly 40, enjoyed a splendid talk given by Miss Nancy Bechtol, state treasurer of the B. P. W. organization, when they assembled in a downtown tea room.

Miss Bechtol told in an interesting and instructive manner of the "Significance of Having Life Insurance" and what it means to young women in particular. She touched on the problem of "Married Girls Working" and in addition related many facts of "How the National B. P. W. Offices Are Operated in New York".

The session opened with the serving of dinner at 6:30 o'clock at tables prettily arranged in the seasonal appointments.

Plans were formed for the annual mothers-daughters banquet to be held May 12 at The Castleton hotel.

On April 16, a boosters meeting will be launched for the convention to be held in Philadelphia May 16-17-18-19 with Virginia Conover in charge. Misses Mae Cromie and Sylvia Lee Martin will assist. Also, on this date, election of officers will take place.

Dinner Guests

Rev. and Mrs. J. Y. Jackson, of Harrisville, will be dinner guests this evening, in the home of Mr. and Mrs. R. M. Jamison, Sheridan avenue. Rev. Jackson is preaching this evening in the First U. P. church on Glenmore boulevard.

Rev. and Mrs. J. J. McIlvaine and family who have moved to New Castle from Indiana, Pa., to take up their residence at 101 Leasure avenue, will be dinner guests this evening, in the home of Rev. and Mrs. D. L. Ferguson, on Sheridan avenue. Rev. McIlvaine is the new pastor of the First Presbyterian church. He will preach his first sermon on April 14.

SURPRISE SHOWER

HONORS MRS. LLOYD

Mrs. William Lloyd, a bride of two weeks ago who will be remembered as Ruth MacDonald, again graced the role of honor Tuesday evening at a lovely surprise shower given by the Misses Diana Fletcher and Angela Barnes, at the latter's home on Park avenue.

The occasion was in progress at an early hour, and in a clever manner, Mrs. Lloyd was presented with a number of pretty towels in behalf of those assembled. She responded in a gracious manner.

Cards filled in the leisure period that followed, three tables being in play, with trophies for honors being carried off by Ellen McGowan and Martha Watson.

The hostess, assisted by her sister, Ann Lucille Barnes, served a dainty collation at the small tables, which were prettily appointed in Spring tones.

MOTHERS-DAUGHTERS BANQUET ON MAY 9

Thursday, May 9, has been selected as the date for the annual mothers-daughters banquet at Wesley M. E. church, plans for the event having been made Tuesday evening at the monthly session of the W. C. B. Miller on Boroline street.

Mrs. R. G. Leslie had charge of the business meeting, and Mrs. Ella Rhodes led devotionals. During the evening each member turned into the treasury a sum of money which she had earned recently, telling at the same time, in humorous rhyme, how the money was made. Mrs. George Double of Monongahela City, who is visiting her daughter, Mrs. Joseph Perkins, was a visitor.

After the business and program had been completed, the women enjoyed a social period with games and refreshments featuring. Mrs. Barbara Grittle favored the group with a reading "I Met the Master".

The next regular session will be held on May 7 with Mrs. James Birt of Boroline street.

T. M. T. Club

Miss Lee Galbis, DuShane street, will receive the T. M. T. club in her home this evening at 8:00 o'clock.

SERVICE STAR LEGION PARTY HELD TUESDAY

A gathering of approximately seventy-five or more, met at the Legion home Tuesday, to participate in the social activities arranged for their first meeting of the month. An informal program was featured, with contests in 500 and bingo being the diversions.

When competition was concluded, the card prizes were awarded to Mrs. C. E. Miller, Mrs. Finnegan, Frank Connors and Mr. Finnegan. Committee members in charge of this contest, comprised Mrs. Hattie Nowling, Mrs. Ellen Pilshaw and Mrs. Lucy Woolley. The bingo committee, Mrs. Kathryn Whitlatch and Mrs. Elizabeth Miller, gave prizes to Mrs. Mae Eichler and Mrs. Nellie Nowling.

Refreshments were served by Mrs. Lucy Woolley, Mrs. Fannie Woolley, Mrs. Belle Whitman, Mrs. Eleanor Runkle, Mrs. Ellen Pilshaw and Mrs. Hattie Nowling.

Plans for their next meeting on April 16, are not completed.

MRS. COPELAND IS HONORED BY Y. L. B.

Mrs. S. B. Copeland, wife of the resigned pastor of the Third United Presbyterian church, was an honored guest Tuesday evening at the April meeting of the Y. L. B. in the church, and was presented with a beautiful gift by Mrs. Maud Fisher, the retiring president, in behalf of the organization.

Seventy-five women were present. Devotionals were led by Mrs. Mary Caldwell and Mrs. Copeland led in prayer.

Mrs. Copeland is leaving soon to make her home in Wheeling, W. Va., where Dr. Copeland has taken up his new pastorate.

The new Y. L. B. president, Mrs. Arthur Minnick, was in charge of the business meeting, and named her committee which will be as follows: Social, Mrs. Edna Lutz, Mrs. Clara Lutz, Mrs. Verna Sturdevant, Mrs. Bessie Gross, Mrs. Margaret Leslie, Mrs. Edna Mersheimer and Mrs. Carrie Hemminger; program, Mrs. Helen McGaffie, Mrs. Louise McConnell and Mrs. Ada Longacre; sick, Mrs. Elizabeth Book and Mrs. Gertrude Book; finance, Mrs. Maude Fisher, Mrs. Olive McCoy and Mrs. Mary Shaffer; music, Mrs. Myrtle Brown and Mrs. Elzina Kennedy; devotionals, Mrs. John Ulrich, Mrs. Sadie McConahey and Mrs. Della Ryan; membership, Mrs. Douglas, Mrs. Elizabeth Cartwright and Mrs. Mattie Badger, and resolutions, Mrs. Mary Caldwell and Mrs. Lulu Kocher; coffee, Mrs. Mary Hamilton and Mrs. Margaret Hammond.

The president announced a meeting on Friday, April 12, at the home of Mrs. Susan McKnight, Adams street, at 2 p. m., for all section leaders, chairmen and ex-committee members.

The meeting was then turned over to the program committee and, after a song by the class, a piano solo was rendered by James Bradford; an essay was given by Miss Mary Jane Lawrence; a clarinet solo was given by Elma Gorman, accompanied by Miss Leslie; a sketch was given by Miss Helen Book and Miss Carolyn Lawton; and a playlet, "The Fatal Pill," was presented by a group of dramatic students from senior high.

Refreshments were served by Section C members.

At Morse Residence.

Of more than ordinary interest was the Tuesday evening meeting of the Loyal Band class of the Third U. P. church which was held at the home of Mrs. Freda Morse, 1030 Winslow avenue.

There were 47 members present and it was the first occasion in charge of the organization's new set of officers. The entire group voted a hearty vote of thanks to Mrs. Ruth Gee, the retiring president, and all of last year's officers for their splendid work.

A very delightful lunch was served by Mrs. Morse, assisted by Mrs. Bessie Lennig, Mrs. Harriet Hughes, Mrs. Althea Warnock, Mrs. Fern Pitzer and Mrs. Sara Hale.

The next meeting will be with Mrs. Pearl Rice, 315 Shaw street, in a month.

ORGAN RECITAL IS BRILLIANT EVENT

Distinguished and enthusiastic was the audience which greeted Edwin Lewis Tuesday evening at the First Methodist church, when he appeared in a recital of original works for the organ by Garth Edmundson, New Castle composer. Mr. Edmundson's work is winning much praise here and abroad on the strength of its fine merits, and music lovers of this city appreciated the opportunity of hearing and enjoying some of his most significant compositions.

Mr. Lewis played the stirring program with superlative taste. As it progressed it was evident that he identified himself, absolutely, with his work and was in sympathy with the compositions in their entirety, as well as with their every shade of expression. He put his own personality resolutely, triumphantly into his interpretations of the composer's ideas and held the audience in rapt attention.

The program opened with Cortège and Panfare, which was played in a magnificent style, followed by a graceful gavotte, Humoresque Gracieuse, Litanie Solenne, the next number, was repeated with medieval atmosphere, and was in sharp contrast to the brilliant Carillon from the composer's First Christmas Suite which closed the first group.

Particularly appropriate to this season of the year was the second group, which included Three Modern Preludes on Medieval Lenten Themes and an Easter Spring Song. These preludes showed Mr. Edmundson's remarkable genius for combining themes with an originality of harmonic treatment. The Easter Spring Song was played with spontaneity and charm.

The Second Symphony, Impressions Gothiques, a thoroughly impressive work, written in the ultra modern idiom, and which makes great technical demands on the player, was rendered brilliantly with utmost skill. In these tone paintings, one seemed to feel the spell of the Gothic Cathedral. This symphony is considered one of the finest works, in a larger form, written by an American composer for the organ in recent years.

The closing group contained Bells Through the Trees, a lovely melody written with masterly restraint; Will of the Wisp, an attractive novelty; Winter Sunset, a fine melody written in a reflective mood, and the Concert Variations, which was one of the notable additions to organ literature published during 1930. In these variations, Mr. Lewis displayed speed, strength and masculinity of style, as well as commanding musicianship.

The recital was an outstanding event throughout, one to linger long in the memories of New Castle's music lovers who feel proud to have such brilliant artists as Mr. Lewis and Mr. Edmundson in their midst.

NEW OFFICERS PRESIDE AT A. B. D. MEETING

New Officers of A. B. D. Girls were in charge of the April meeting Tuesday evening, in the home of Mrs. Lake S. MacNab, Mrs. J. B. Foster, the president, was in the chair, conducting the business session and program.

Mrs. W. D. Cobau led the devotionals and Mrs. H. L. Gormley related interesting happenings in Japan. Mrs. A. B. Foster told of Lucy Laney, colored mission worker, who established Haines institution for colored students in Augusta, Ga. Work for the Red Cross was continued afterwards. Assisting hostesses were Mrs. W. D. Cobau and Mrs. A. B. Foster.

JUNIOR CIRCLE AT WOODWORTH HOME

Junior Reading circle had an interesting meeting Tuesday evening, at the home of Helen Woodworth, on Park avenue. Concluding the business period, the girls listened to a program which consisted of instructive papers and songs. Appropriate to the season, Eleanor McGill gave a paper entitled "Easter Eggs" which revealed the origin and use of this popular symbol of the season. Violin selections were rendered by Fern Cloak, a reading by Elizabeth Millholland and a piano solo by Bernice Porter of Ellwood City, who was Miss Cloak's guest yesterday.

Daintily appointed refreshments in spring tones, were served from the dining room table, centered with a lovely bowl of forsythia. The delicate yellow in the center bouquet was accentuated by tall yellow tapers in crystal holders.

On May 7, the circle will be guests of Eleanor Magill, at her home on Highland avenue, the program planned for this date being especially interesting as Mrs. George W. Ferver, of Lincoln avenue, will give a talk on "Astronomy".

JEWISH LADIES RELIEF NOMINATE OFFICERS

Jewish Ladies Relief society met Tuesday evening, in the Cosmo club. The usual routine business was transacted, during which Mrs. Henry Cohen, chairman of the nominating committee for new officers, announced the following slate Mrs. B. Kline, who has been honorary president, has been nominated for president; Mrs. Jack Leiby, first vice; Mrs. L. Zieve, financial secretary; Mrs. Henry Cohen, treasurer; Mrs. A. Abkowitz, corresponding secretary; Mrs. M. Shaffer recording secretary.

Mrs. A. Katz was chairman of hostesses for last night's meeting, and serving refreshments, she was assisted by Mrs. F. Alpern, Mrs. S. A. Ginsberg, Mrs. S. Wolf, Mrs. Jack Leiby and Mrs. S. Edelstein.

The next meeting will take place the first Tuesday in May, the place uncertain.

Queen Esther Banquet

Monday evening brought a gala event for members of the Queen Esther class of the Third U. P. church in the form of a banquet.

After the fifty guests enjoyed the sumptuous feast the toastmistress, Miss Betty Gray, introduced little Donna Jean Jenkins and Miss Marietta Daugherty, who, each in turn, gave readings. Greetings to the class were given by Miss Pearl Colnot, who also presented a lovely gift to the teacher, Mrs. Bernard Hook, as a token of appreciation from the class. Mrs. Hook responded very graciously.

Pep singing led by Miss Rheba Sines, accompanied by Miss Susan Wallace, occupied a large portion of the evening. Later a play entitled "School Days," directed by Mrs. Marjorie McDermott. The cast follows:

Teacher, Mrs. Mildred McKibben; Harry, Miss Dorothy Kay; Bill, Mrs. Josephine Thompson; Philopina, Miss Rose Sacripant; Solomon, Mrs. Edith Love; Julius, Mrs. Alda Keeley; Laura, Mrs. Myrtle Flansburg; Ching, Mrs. Vic Kelly; Marie, Mrs. Agnes O'Neill; teacher's pet, Mrs. Minnie Jones; Baby Brother, Mrs. Margaret Fox; Erasmus, Mrs. Ethel McGuire; Etta, Miss Mabel Kocher; and Heinie, Mrs. Angie Kenahan.

THEATRE GUILD OPEN MEETING

An open meeting of the New Castle Civic Theatre Guild will take place Thursday evening at 8 o'clock in the auditorium at the Y. W. C. A.

Since the recent reorganization of this group, when it was affiliated with the Lawrence County Federation of Women's clubs, it has been given much public support and many new members have been added. Plans for a new play will be discussed tomorrow evening and committees formed to further the project.

Tuesday Bridge Club

A beautifully appointed tureen luncheon, featured the gathering of Tuesday Bridge club members yesterday afternoon, in the home of Mrs. E. C. Chapman, Moody avenue.

Snappers and yellow roses combined with graceful yellow tapers, made an attractive table setting, where the delicious menu was served.

A bridge contest was enjoyed during the remaining hours, with trophies going to Mrs. Frank Taylor and Mrs. Elsie Nettle.

Mrs. H. H. Halley of Park avenue, will extend hospitality to members in two weeks at her residence.

Jolikosins Club

Mrs. Frances Fehrenbach, Hamilton street, entertained the Jolikosins club members Tuesday evening, informally at cards. Pretty favors were awarded to Mrs. Harry Gribble and Mrs. Russell Grannis at conclusion of play. Following, those assembled, tendered Mrs. Charles

Bishop a shower, in honor of her birthday anniversary.

Mrs. Eva Nelson was a special guest of the occasion.

A dainty menu of refreshments was served, the hostess having for her aides, Mrs. Bishop and Mrs. Clem Gardner. The seasons tones prevailed.

In two weeks, Mrs. Emmett Reed-don of North Mill street, will receive the club members.

D. A. R. Meeting.

More than usual interest is being manifested in the April meeting of the Lawrence chapter, Daughters of the American Revolution, in the home of Mrs. J. O. MAN, A PINCH OF SULPHUR

The other fellow. I've been reading in the papers that somewhere here a chemist took a man to pieces and found he's worth just about 98 cents in chemicals on the present market. Of course, if prices rise a bit he may eventually get to be worth \$1.25—or maybe \$1.31—but even at that \$1.31 isn't so much, and what do you think of that? Don't you feel sort of cheap?

Me: Not so you could notice it. I figure that's great.

The Other Fellow: How do you figure that? Here man goes swilling about the earth, conquering everything and boasting of his greatness—and all he's worth is a heap of spoiled chemicals. He swaggers about his wonderful brain and I read that all it is a pinch of sulphur—about enough to make a few matches or perhaps enough to get the fleas off a dog... What's so swell about that?

Me: A pinch of sulphur isn't much, I will admit. But before you start sniffing at man and his humdrum substance, please consider what man has done with that little bit of sulphur. Toss off his great inventions if you will. Say nothing about his amazing machines. Throw them in the ashheap. Let them go... But think of his dreams, his agonies, his ambitions, his mighty triumphs, his glorious defeats... Remember Newton with that pinch of sulphur, deciphering the secret of the illimitable spaces and bringing down to man the laws of the universe. Remember Plato, Keats, Milton, Dickens; remember Saint Paul and remember Abraham Lincoln... Remember Shakespeare and his inventory of man: "What a piece of work is man! How whole in reason! How infinite in faculties!... In action how like an angel! In apprehension how like a god!"

The Other Fellow: Just a pinch of sulphur praising itself. How about that fellow Pascal, who said: "What a chimera is man! What a confused chaos! What a subject of contradiction! A professed judge of all things, and yet a feeble worm of the earth! The great depository and guardian of truth and yet a muddle of uncertainty! The glory and the scandal of the universe!"

Me: But how grand for a pinch of sulphur to rise from the earth and combine with other elements and be a part of the glory and the scandal of the universe!... You lose the argument. Let us say no more about that complicated bit of sulphur which is the brain of man.

WHY SHOULD THE PETTY SOCIAL AMENITIES CAUSE SO MUCH CONCERN?

Few women neglect to write notes of appreciation for entertainment, and it certainly is appreciated by the hostess.

On the other hand, men too frequently forget to express in some way the degree of appreciation for the pleasures experienced at the hands of host or hostess.

No, it is not a silly gesture. And it is not an unnecessary social custom.

But it is a measure of your gratefulness for favors extended.

Those who entertain desire to give pleasure and satisfaction to their guests.

Usually, when men take leave of their hosts, they express their enjoyment of the occasion in a manly fashion that carries conviction.

Most men do not write and do not expect a "thank you" or a "bread and butter" letter for a week-end visit.

Those hosts who feel that their guests are not sufficiently appreciative if they do not get letters of this kind are too exacting.

They pay too much attention to the little things of life.

There are enough big and important things to demand attention.

The little amenities of society do not give them much concern.

And why should they?

SLEEP—AWAKENING

Sleep is a brief, sweet form of death. A passing from the earth. Where all is stilled, save the soft-drawn breath.

And waking up is birth.

Oh, we die each night for a few brief hours.

Tomorrow to be re-born.

Renewed and refreshed as the springtime flowers.

For the tasks of another morn.

And though man stands watch till the dawn comes on.

And a constant vigil keeps.

He never will learn where the soul has gone.

When the weary toiler sleeps.

But this we know: To another day.

With the first red streaks of dawn.

To the joys and the cares that line earth's way.

We are every day re-born.

Wonder what ever became of Tom Heflin, not that it matters.

It's beginning to look like the good old days of 1928-29 with Chicago assassins shooting at their prosecuting attorney.

Al Capone has been disciplined for brawling at Alcatraz. Al should be more careful. The impression that he is no gentleman might get around.

Occasionally there is cause for gratification in consequence of an unfulfilled campaign pledge, as in the case of Bilbo of Mississippi, who promised to out-Huey Huey.

He descends the ladder feet foremost, and he is going downward until he reaches the center of the earth. When he reaches the center of the earth he, presumably, will thereupon be going upward, until he emerges at the antipodes. But how can a ladder on which one is descending become a ladder on which one is ascending? Furthermore how could one go up a ladder feet foremost?

Hints and Dints

Sun sets tonight 6:26. Sun rises tomorrow 5:40.

In some places the prisoners in the jail houses are being denied tobacco and are not given newspapers to read. Being in jail is becoming sort of a hardship in some places.

Much of the food for thought these days causes severe mental indigestion.

A garden will help out a home a lot during the coming summer and next winter. Now is the right time to plan one. We have one already with several things growing in it. Get busy.

TODAY'S STORYETTE

The suitor and his sweetheart were sauntering down the street. "Darling," he said, "do you think you could marry a one-eyed man?" She looked at him in a startled way. "Marry a one-eyed man! Why, no, course not."

"Then I'm afraid," he said "you'll have to carry your umbrella on the other side."

Another way to make a target of yourself is to stand out from the crowd.

An effort is being made to have a committee appointed to watch the members of the legislature in Harrisburg who stay in that place over the week ends in preference to going home to stay with their families. Omygost! Also Sound the Alarm!

WHY NOT?

If a female duke is a duchess. Would a female spook be a spuchess?

If a male goose is a gander. Then would a male moose be a mander?

If the plural of child is children. Would the plural of wild be wildren.

If a number of cows are cattle. Would a number of bows be battle?

If a man who makes plays is a playwright. Would a man who makes hay be a haywright?

If a person who fails is a failure. Would a person who quails be a qualure?

If the apple you bite is bitten. Would the battle you fight be bitten?

If a young cat is a kitten. Then would a young rat be bitten?

If a person who spends is a spend-thrift. Would a person who lends be a lend-thrift?

If drinking too much makes a drunkard. Would thinking too much make a thunkard?

But why pile on the confusion? Still I'd like to ask in conclusion: If I chap from New York's a New Yorker. Would a fellow from Cork be a corker?

Many favor favor plowing under the Blue Eagle. It would be an easy and cowardly thing to do just at this time, while he's in a hole.

With such promoters as Huey Long, Townsend, Coughlin and a few others, President Roosevelt had better look out. The birds who promise the most seem to get there at least temporarily.

The World At A Glance

Shall Descendants Pay Debts?
Question Was Raised Years Ago.
Henry George Is Quoted.

New York Bureau

Central Press

235 East 45th street

By LESLIE RICHEL

NEW YORK, April 3.—Some students of economics are going back to a book written 52 years ago to find a way out of present difficulties.

The book is "Social Problems," by the same Henry George who wrote the classic "Progress & Poverty" (which some of our readers would have read).

Henry George bulks larger and larger as the years pass. He may go down into history as the major American prophet—and his words of more than half a century ago still may lead to a new social order.

STRIKING WORDS

Among the most striking words in Henry George's "Social Problems" are these (and they might have been written this very hour):

"Upon the assumption that ascendants may bind descendants, that one generation may legislate for another generation, rests the assumed validity of our land titles and public debts."

"If it were possible for the present to borrow of the future, for those now living to draw upon wealth to be created by those who are yet to come, there could be no more dangerous power, none more certain to be abused; and none that would involve in its exercise a more flagrant contempt for the natural and inalienable rights of man."

"But we have no such power, and there is no possible invention by which we can obtain it. When we talk about calling upon future generations to bear their part in the costs and burdens of the present, about imposing upon them a share in expenditures, we take the liberty of assuming they will consider such expenditures to have been made for their benefit as well as for ours—which is in absurdity."

PUBLIC DEBTS

Henry George strikes directly at the present situation with:

"Public debts are not a device for borrowing from the future, for compelling those yet to be to bear a share in the expenses which a present generation may choose to incur. That is, of course, a physical impossibility. They are merely a device for obtaining control of wealth in the present by promising that in the future shall be made—a device by which the owners of existing wealth are induced to give it up under promise, not merely that other people shall be taxed to pay them, but that other people's children shall be

IT WAS DONE

Notwithstanding Hawthorne's "Scarlet Letter" and the much talked of New England conventions of Colonial days, not everyone abided by the conventions. Here is a Massachusetts newspaper in 1835:

"In Caterbury, N. H., by themselves, Mr. Josiah Haines to Miss Polly Ames. The sacred rite was performed in the presence of a number of respectable friends, in a plain, republican manner. Standing face to face, in a solemn and respectable posture, they rehearsed the marriage vows, declared themselves man and wife, without formal assistance of a clergyman."

That a congressman is required by law to be a resident of the district he serves.

He isn't.

NEW DEAL BARTER

"How much are your fish, Mr. Goldstein?"

"Eight cents a pound, Mrs. O'Brien."

"I'll take two of them. How much will they be?"

"Let's see: Eight pounds; eight times eight are 64. Take them for 75 cents, Mrs. O'Brien."

"Thank you, Mr. Goldstein. I'll do that. You're always good to the Irish. I'll say that for you."

PART OF THE SCENERY

Joe the GIP—And after yez got away from de cop, where did yez hide?

Dick the DIP—I just ducked in o de city hall, flopped down in a chair, and put me feet on a desk that nobody was using.

CHILLY MOMENTS

"I am sorry, madam," said the butcher firmly, "but I can't give y further credit. Your bill is bigger now than it should be."

"Yes, I know that," said the lady coldly, "if you will make it out for what it should be, I'll pay it."

FAIR ENOUGH

Bill—the girl I married has a twin sister.

Mac—Gee! How do you tell them apart?

Bill—I don't; it's up to the other one to look out for herself.

Correctly Speaking—

Do not use a pronoun to refer to a noun that has not been used for a considerable space; repeat the noun.

mander Belgrano

COMMITTEE FROM POST VISITS EARLE

Governor George H. Earle, will be one of the distinguished guests of honor present at the annual National Commander's banquet of the American Legion, on May 9, a committee from the post who visited the chief executive of the state on Monday was assured.

Past Commanders Guy J. Wadlinger, James C. Brice, and Alex Thomas visited Harrisburg on Monday to extend the invitation to the governor and were given a cordial reception by Mr. Earle.

The presence of Governor Earle is expected to lend increasing interest to the coming event, which will be attended by a great number of Legionnaires from all over Western Pennsylvania.

Ivor V. Davis is general chairman of the arrangements for the coming banquet, with Guy J. Wadlinger as vice chairman, and the plans for the event are going forward nicely.

Card Of Thanks

We wish to thank our friends, neighbors and relatives for the kindness and sympathy extended us during the illness and death of our wife and mother, Mrs. Lillian M. Hiler. Also for beautiful flowers and cards donated.

Calvary Church Services Bring Crowds Nightly

Rev. Claude Downes, of Petrolia, To Speak Again
Tonight; Special Singers

Calvary Presbyterian church in East New Castle, just beyond Cascade park, was crowded to the doors Tuesday evening as Rev. Claude Downes, of Petrolia, preached another forceful sermon and the Moseley colored quartet sang a number of Negro spirituals.

Rev. Downes, called the attention of his audience to the many things God has done to save souls from eternal damnation. His message

and his splendid method of presentation stirred the hearts of his crowd of listeners.

Announcement was made that owners of cars, from the church congregation, have volunteered to drive to the various parts of the city to bring groups of four or five persons to the revival services. Transportation will be furnished to all those who arrange for it by calling 4259-W. A larger crowd is anticipated for the service this evening than any evening before. Guest singers this evening will be Mrs. Avery Rigby and Mrs. John Wink.

Thursday evening the men's double quartet from the East Side Choral society will sing, and on Friday evening, the Petrolia Methodist choir.

IMITATION OF LIFE

Mrs. Crocker Honored.

The Rev. Agnes E. Guthrie of the Spiritualist Church of Truth entertained her guests Tuesday evening members of the Monday and Tuesday night developing classes, in honor of Mrs. Annie Crocker, who received her mediumship papers in January.

The occasion proved a complete surprise to Mrs. Crocker, which was in the form of a handkerchief shower. Informal pastimes filled in the hours in a delightful manner, and at the appropriate time, Rev. Guthrie assisted by her daughter Virginia Guthrie and Frances Udell, served a delicious lunch to 25. Tones of green and yellow, in keeping with the Easter season, were used throughout in all appointments.

Mrs. Crocker received a collection of dainty kerchiefs in remembrance of the event. Mr. and Mrs. Benjamin List of Edinburg were special guests from out of town.

Emanon Eight Bridge

A delightful evening of cards interested associates of the Emanon Eight Bridge club Tuesday, in the home of Naomi Steele located at Marquis. Her sister, Sara Steele shared as a special guest of the occasion.

The early hours were devoted to card playing, and novel prizes were awarded to Mrs. Ethel Mann and Lillian Lepply for winning honor scores.

In serving a dainty repast, the hostess was assisted by another sister, Jean. The seasons appointments were cleverly used throughout.

Following an informal period of chat, the girls departed, and on Tuesday, April 30, they will be received in the home of Elma Houk at Castlewood.

A. C. T. Class.

A. C. T. class of the First Christian church will be entertained on Thursday evening at the home of Miss Anna R. Perry, 119 East Grant street.

T. O. T. Club

Wednesday of next week, Anna Marion Critchlow will be hostess to the T. O. T. club at her home on Beckford street.

Elm Street Branch Of Y.W.C.A. Is Doing Effective Work Here

The Elm Street Branch of the Y. W. C. A. is the only institution, other than the church, which the colored people of the community have. Because of the type of organization it is, "a fellowship of women and girls," it holds a unique place and deserves the support of every woman and girl. Not only does it serve the Y. W. C. A. groups but outside groups of men as well as women may have access to the building for meetings and social activities.

The Branch sponsors clubs for employed and unemployed girls, and young married women. In these clubs there is a chance to develop leadership, learn to do interesting things and to make friends. The Girl Reserve department brings to school girls an understanding and appreciation, not only of themselves but of others, and of God as creator and director of their world. Through discussion, singing, choosing certain things to think and do, girls learn to "Find and Give the Best."

Since good health is so essential to one's happiness and success in

life, and getting the right start is so important, the Branch, in cooperation with the T. B. Society, conducts a baby clinic once a week. In addition to weighing the babies a doctor and nurse are in attendance to examine them and give any advice the mothers may need.

In cooperation with the Red Cross Society a class in practical nursing is being offered. Miss Katherine Hite, the Red Cross nurse is the instructor. This instruction is proving to be very helpful to the women in their homes.

The facilities of the Branch have been placed at the disposal of the government for adult classes. Classes in sewing, cooking, music, English, gym and dramatics are offered, and are open to both men and women.

Because the Y. W. C. A. has as its purpose the building of a fellowship of women and girls, it aims to include all groups in this fellowship. It is one organization of the community that is fostering a better international and inter-racial understanding. One way this is being done is by studying public affairs and

supporting proper legislation relative to them.

The Management of the Branch is vested in a Committee of Management with Mrs. Mary Allman as chairman. Mrs. Cora Morgan, Mrs. Carolyn Williams, Mrs. Julia Wilkes, Mrs. Laura Russell, Mrs. Carrie Cobbs, Mrs. Ethel Wall, Mrs. Hanna Braswell and Miss Anna Taylor make up the committee.

FROG RAISING IS NOT PROFITABLE

IN PENNSYLVANIA
(International News Service)
HARRISBURG, April 3.—The state department of agriculture today warned Pennsylvania farmers not to take a "hop, skip and jump" into the business of raising frogs for quick profits.

Frog farms, the department said, are not quickly profitable, and as "get-rich-quick" schemes are apt to prove elusive.

The fish commission joined with the agriculture department by asserting that in Pennsylvania climates it takes nearly two years for frogs to develop from the egg stage to the eating stage.

The purpose of the play is to raise funds for the athletic fields at Union High. A big improvement program is outlined for the athletic field and it is hoped that the play will be a big success.

WILL REHEARSE CHORUS TONIGHT

Rehearsal for the New Castle Male Chorus has been called for tonight at 8:30 o'clock in the Emmanuel Baptist church. The chorus is entered in the elisteddod in Warren, O. on May 11, and an endeavor is being made to have the local male chorus ready at least a week before the elisteddod.

Tonight is the last night for new members to enter. There is still room for a few singers. Any one desiring information can get it by seeing Morgan Jones, Sr., manager of the chorus, Wilmington avenue.

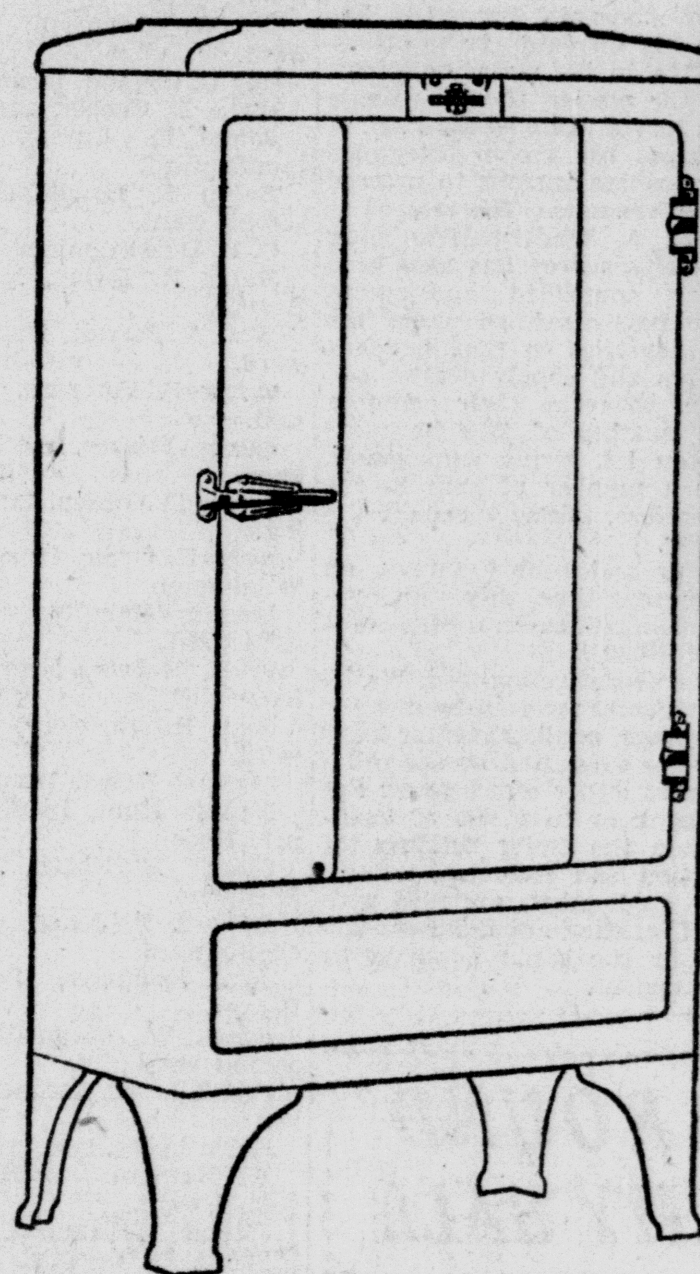

KINDERGARTENS

(International News Service)
HARRISBURG, April 3.—Public school kindergarten instruction in Pennsylvania received its start largely through a school conducted at the Centennial Exposition in Philadelphia in 1876. At the present time there are more than 500 public kindergartens in the State with more than 35,000 pupils and in excess of 500 teachers.

Knights Of Columbus Continue Mobilization

From the international headquarters in the Empire State building, New York, Peter C. Capitolo, in charge of the local drive, received word that the Knights of Columbus Mobilization for Catholic Action membership drive would be extended throughout this week.

In explaining this extension of time to the press Mr. Capitolo gives international chairman Larkin's official statement for it. Mr. Larkin says: "Reports from all parts of North America are splendid. Our present membership has been aroused to greater activity for church and country, and new members have been coming in at the unprecedented rate of 1,500 a day; for a grand total in two weeks of campaigning of 20,000. I say unprecedented advisedly, as I believe no fraternal organization has ever experienced such a wholesale enlistment of new strength."

"This being the case, it would be a great mistake to terminate this great effort on March 31 simply because we had set an arbitrary closing date. Not only would it be a mistake, but it would be an injustice both to those councils that are now working at full speed and to those that have been delayed or handicapped for reasons over which they have had no control. On the Pacific coast, for example, our whole organization program, because of distances involved, was one week late in starting, and reports from that quarter are just beginning to come in. In some of the Middle Western places, the work has been handicapped by sandstorms and by recent renewed floods in the Mississippi Valley; and certain sections of Canada, and of our own Northwest, are still under ice and snow, making

to enlist 50,000 new members, and on the basis of reports now in hand I believe we are going to get them."

In regards to the local campaign Mr. Capitolo reports unusual success. He also went on to give a clearer definition of the campaign for the enlistment of prospective members in the New Castle district.

Mr. Capitolo said: "The Mobilization for Catholic Action is an organized movement throughout the United States and Canada to arouse the present membership of the Knights of Columbus and eligible non-members to the need for lay

leadership and united lay effort in support of the ideals of Christian citizenship, for which the Catholic church and the Knights of Columbus stand.

"The movement is attempting to align the Catholic man power of the United States and Canada, against invasions of civil and religious liberty and is supporting the Legion of Decency in its fight for the elimination of objectionable motion pictures. It also seeks more highly organized support for Catholic education social service, and community welfare work."

Improvement Of Homes Increases

Arrival of Spring Weather Shows Many Applications For Improvement Loans

FHA RECORDS SHOW RESULTS

Spring weather has stimulated potential home improvements during the past two weeks. Marcus Feuchtwanger, director of the federal housing administration for Lawrence county, stated today. The number of applications for loans to repair or modernize properties has shown a big increase at the offices of the FHA in the Greer building. Up to the present time the house to house survey made by the F. H. A. investigators has shown thousands of home owners anxious to proceed with improvements. The records at the F. H. A. headquarters show that the city survey has now been two-thirds completed and record calls are now classified under the several industries so that builders, contractors and supply dealers can use them to make their contacts. A large number of jobs have already been let, giving employment to quite a number of men in the city, therefore, taking them off the relief rolls.

The city and county survey, up to the present time, shows an estimated amount of necessary improvements \$1,787,200.

Under a recent ruling from Washington, recently received by director Feuchtwanger, applications for loans may now be submitted by the property owners either direct to an approved bank or to F. H. A. headquarters in the Greer building for examination and recommendation.

Where applications are filed with the F. H. A. they are being quickly handled by the banks qualified by the department.

AROUND CITY HALL

Police chronology for 24 hours ending at 3:30 p. m., April 2, nine arrests on charges as follows: Exceeding parking limit 5, Parking too close to street intersection 1, Drunkenness 1 and Double parking 2.

Owing to the outbreak of contagion over the week-end Sanitary Patrolman Chauncey Davis has had to work several hours over-time each day obtaining data concerning persons who are ill and placing quarantine signs.

City officials are marking time hoping that something will turn up quick in connection with RWD projects here. There are quite a few projects in view, and council would like to see work resumed and the projects finished.

Police officials have been perturbed recently by the acts of vandalism when automobiles are parked in different sections. For the first time so far as is recalled vandals have stolen parking lights from some cars.

Although persons maintain goat farms outside the city limits they must obtain license to sell milk, providing the milk is offered for sale here according to Health Officer Dr. William L. Steen.

Two policemen, Michael Ritty and James Wynner are on compensation and Patrolman Frank Reynolds is recuperating from an appendicitis operation in a local hospital according to police reports.

One of the recommendations of the company which carries the city's liability insurance is that a hand rail should be placed along the stairway leading to the women's and juveniles department of the city jail.

One of the projects city officials would like to have completed when the RWD resumes operation is the protective wall along the Neshannock river and along the Croton avenue sidewalk hill.

No arrangements have been made for the operation of the playgrounds here this summer. In fact during the past several years or more playgrounds have been closed so far as the city is concerned.

FIND ELM BEETLE

(International News Service) HARRISBURG, April 3.—The elm bark beetle was found at eight points in the State by a survey made by the United States Department of Agriculture last year. Wood infested with this insect was also found by the State bureau of plant industry in Montgomery and Dauphin counties. The occurrence and distribution of this insect species is of interest mainly because of the relation it bears to the spread of the Dutch elm disease.

Tariff Big Stick Will Be Wielded

United States To Retaliate On Nations Discriminating Against U. S. Traders

(International News Service) WASHINGTON, April 3.—President Roosevelt today provided the Secretary of the Treasury with a big stick to wield over foreign nations which discriminate against Yankee traders in the world markets.

The big stick was in the form of authority to withdraw the benefits of tariff reductions the state department may make in foreign trade agreements from those nations which discriminate against American trade.

This move marked adoption of a momentous new tariff policy by the administration, whereby the United States will follow the practice of discriminating against those nations which discriminate against this country. It will be the first time since 1913 that the United States has had more than one schedule of tariff rates for foreign nations.

The procedure will be as follows: all nations which are not considered guilty of discrimination will receive automatically any tariff reduction concessions that this government may make in any trade agreement with a single nation. Those nations which are guilty of discrimination will be given a period of grace to remove the discrimination. If they fail to do so the treasury department will be directed to withdraw from them the benefits of the tariff reductions granted other nations by this government.

Old Gold isn't a dry Martini, in disguise. But smokers do say they get a pleasant stimulation from this extremely mild cigarette. That's due to

MEASLES SPREAD; WARNING ISSUED

HARRISBURG, April 3.—New outbreaks of German measles in several sections of Pennsylvania were reported today by the state department of health.

Department officials said the fact that the disease is a mild disorder,

and that the acute symptoms are of short duration, definitely interferes in its control. Young children are particularly susceptible.

Warning parents to limit the activities of German measles convalescents, health department officials added that quarantine regulations should be rigidly observed also. Even after the rash and other visible

signs of the disease disappear, it was said, victims remain infectious for at least ten days.

Program Of Music At Trinity Church

Fifteen Minute Program To-night To Precede Regular Lenten Service

The program of music to be rendered in Trinity church tonight at 7:45 o'clock in a fifteen minute organ and violin recital is as follows: Andantino, B. C. Faucouner; and Meditation from "Thais," Massenet, violin and organ, Kathryn C. Bittner and Isabel T. Johnson.

Berceuse, William Faulkes, an organ number by Isabel T. Johnson.

Much favorable comment has been heard of the recital these young people gave last week.

The service at 8 p. m., with the Senior Choir singing, will be the Litany, with hymns, offering, closing prayers and Benediction, conducted by the preacher of the evening as this is an exchange at his request. Therefore The Rev. Philip C. Pearson will be in Oil City, at Christ Church and the Rev. Theobald L. Small will deliver the sermon here. Last fall, although a comparatively new comer in the Diocese, Mr. Small was honored with an election as a clerical deputy to the General Convention, the national legislative body of the Episcopal church meeting every three years. He has preached before in Trinity church this city and has many friends here.

Other Lenten services this week in New Castle's Episcopal church are: Friday, 9:30 a. m., the Holy Communion; and 4:30 p. m., service for all, especially children and young people, with address the Junior Girls Choir singing.

TO BUILD UP FRANCE'S MILITARY SECURITY

Air Force Will Get Attention

Large Fund To Be Used To Increase French Flying Service

REORGANIZATION WILL TAKE PLACE

By MICHAEL WILSON
International News Service Staff Correspondent

PARIS, April 3.—Left a virtual defense dictator after parliament, voting him huge funds and wide authority, adjourned until May 26, Premier Pierre-Etienne Flandin prepared today to build up France's military security by a series of decrees.

Turning first to the skies, the premier called for technicians to put France's increasing air fleet in top-notch fighting condition.

One of his first decrees was expected to back up his flyers and engineers with a fund of 1,500,000,000 francs (about \$97,500,000) in additional aviation credits.

Another billion francs (about \$65,000,000) for munitions, on top of the previously-voted military supply budget, was looked for in a second decree.

Following Premier Flandin's statement the air force would be reorganized, and that many airplanes were not able to leave their hangars because of faulty materials, advertisements appeared in the French press today saying: "Aviation specialists wanted."

"Aviation experts of all kinds" were called for "fitters, turners, lathe operators, sheet-iron workers, carpenters, and coppersmiths are requested to apply to the department labor office of the metallurgical service."

Whether the present conscripts in the army are to be kept on for an additional six months as an emergency measure is to be revealed in a third decree Friday, following deliberations by the military commission tomorrow.

By ARTHUR BRISBANE

DAVID LLOYD GEORGE says:

"Ten days ago everybody was asking, 'Does this mean war?' Today the question is not often put and when it is the answer is an emphatic, 'Not this time.'"

Coming from Lloyd George that means something. He went through the big war, carrying the big load. He and Clemenceau were united in and kept the Kaiser from putting his sons on "newly carpeted thrones."

FIRING of guns in a small village, Kathiawar, near Bombay, India, celebrated a mass service in which 374 young children were united in marriage, some of them actually infants.

The British have stopped, as far as possible, the actual physical marriage of little girls to full grown men, but numerous hospital reporting the deaths in childbirth of brides ten years old and younger still tell a sad story.

Millions in India are told by their

religion that any girl dying unmarried is cursed through eternity. Britain, taking the ground that a child married to an adult is cursed NOW, stops many such marriages, also the burning alive of young widows with the corpses of their old husbands, in the ceremony called "suttee."

POPE PIUS, addressing nineteen cardinals in Vatican City, declared yesterday:

"It would be a horrible crime, a foolish manifestation of wrath, if the people again took arms, one against the other, to spill blood so that destruction and ruin would be sown from the skies, on land and at sea."

Pope Pius, who well knows what the next war would be like, told his distinguished hearers that he would suggest this prayer:

"Confound those peoples who desire war."

The Pope approved the canonization of John Fisher and Thomas More, who refused to acknowledge the authority of Henry VIII as greater than that of the Pope. Henry VIII had both their heads cut off.

More is one of the most interesting characters in history and the author of "Utopia," whence comes a much used word. His was a very dull Utopia.

IN NEW YORK'S AMERICAN Museum of Natural History is shown a drawing of the largest land mammal that ever lived, named baluchitherium. This huge animal, which vanished from earth 25,000,000 years ago, stood seventeen feet nine inches high at the shoulder, was as big as two elephants, weighed twenty thousand pounds or more. It was not as big as a dinosaur, but the dinosaur laid eggs and was no mammal.

A food problem might be solved if the "biggest mammal" could be brought back and raised by cattle men. It ate 500 pounds of food a day; that must be considered. In America it might be necessary to drown the mamma baluchitherium with her unborn babies.

MR. CHIEF JUSTICE HUGHES writes the opinion of the Supreme Court reversing the death sentences of two Negroes, Norris and Patterson, condemned in the Scottsboro case, in which one of two white women found in a box car with seven Negroes confessed that she and her companion accused the Negroes of crime to save themselves from disgrace.

Chief Justice Hughes finds that excluding Negroes from the jury, which he considers proved, would "make the indictments invalid." The Supreme Court decision, it is believed, may free all seven of the accused Scottsboro Negroes.

IMPORTANT to doctors: Scientists in the University of Illinois have found a way to destroy typhoid bacteria in "typhoid carriers," patients cured of typhoid that still carry bacteria with them and spread the disease.

Sometimes carriers are identified and locked up. Harsh, but necessary. More often they continue through life, spreading typhoid germs.

Application of X-rays above the liver and gall bladder of the typhoid carrier kills the bacteria.

FOLLOWING the news for doctors, the University of California Medical School reports that surgery, dividing the splenic nerves in the chest, relieves high blood pressure, improving eyesight and kidney conditions in a way that "borders on the miraculous."

By dividing those nerves, surgeons cut down "over-stimulation" that forces the heart to dangerous pressure. It is something like cutting down the pressure on a steam boiler. Man it a wonderful creature.

THIS WRITER, who tries to be a farmer, growing alfalfa on the Mojave Desert in California, horses and fruit in Monmouth County, New Jersey, orders one hundred and fifty tons of fertilizer, according to the prescription of the learned Ellwood Douglass, who advises farmers in the state of New Jersey.

This was the prescription for orchard fertilizer: Fifty tons of "four per cent nitrogen, nine per cent phosphoric acid, five per cent potash." There were also some tons of nitrate of sulphur.

Eighteen per cent is the amount of actual fertilizer, eighty-two per cent is "filler," a substitute without fertilizing value that simply dilutes the fertilizer and means waste of hauling, freight payments, bags handling.

This is no soviet cry against the poor downtrodden fertilizer gentlemen. Could they not, without sacrificing profit, arrange to let farmers supply their own "filler" of light soil, powdered lime rock, or other surface?

IN FRANCE three persons, "sterilized" at their own request by "a mysterious Austrian doctor" because they did not want to have any children, have been arrested.

France, striving for more population, believes that sterilization "can be overdone."

The mysterious Austrian performed fifteen operations on men and women before disappearing.

Would Remove Profits From War

Senate Munitions Investigators To Hear Cabinet Members

THREE PER CENT PROFIT LIMIT

(International News Service)
WASHINGTON, April 3.—Senate munitions investigators called on three of President Roosevelt's cabinet officers to testify as they launched a drive for enactment of the most drastic legislation in history designed to remove profits from war. The secretaries of war, navy and treasury have been asked to appear. The new measure will be introduced in the senate at the completion of hearings on next Monday, and the committee chairman, Senator Nye (R) of North Dakota, announced he expected the bill to be written into law before the present session of congress ends.

Under the committee bill the president during war time would be empowered to draft industry, man power and money.

Would Cut Profits.

Corporations would be deprived of all profits of more than three percent on stock. Individual income exemption would drop to \$500 for a single individual and \$1,000 for a married man. All industries would be licensed for operation by the president, and a commodities control commission would be set up with power to fix prices, close commodity exchanges, and, if necessary, provide for government purchase of the whole output of any commodity industry.

The drafting of industry would be handled under an industrial management board composed of such

officers and directors of corporations as the president saw fit to appoint.

The president would have power to switch these individuals at will from civilians to combat work, but the army and the government would have no direct power over the internal management of industry.

In the field of war financing, a securities commission would be established with power to approve or disapprove all new issues of private securities during war time. The president would also be empowered to close all security exchanges and to issue rules governing the sale of security sales for the duration of the emergency.

This commission would be empowered to take over for itself war industry financing, half billion dollar fund would be allocated for that purpose.

Charges Earle Ignored G.O.P. Senate Leaders

(BULLETIN)

(International News Service)
HARRISBURG, April 3.—Gov. George H. Earle today was accused by Sen. John J. McClure, Delaware, Republican chairman of the powerful finance committee in the senate, of ignoring Republican leaders in drawing up his \$203,000,000 tax program.

During debate as the governor's personal property tax moved forward to defeat, McClure charged the governor's proposed taxes "were put forward without any talks with Republican members of the senate," adding:

"I believe the constituents represented by the Republican senators should be consulted regarding any new tax program."

VERDICT RENDERED IN JEWELRY CASE

In the case of T. C. Limber against Mrs. Dorothy Large, which was tried at court before Judge R. L. Hildebrand, the jury returned a verdict in favor of the plaintiff for \$627. The suit was one involving some jewelry and diamonds, which Limber claimed belonged to him and which Mrs. Large, a daughter of Limber's first wife, had in her possession. The value of the jewelry in the statement of claim was given at \$750. Mrs. Large claimed the jewelry had been given to her mother.

Mrs. Dorothy Sims Is Ill, Hopes To Carry "On", But May Give Up Battle

CULBERTSONS ARE 11,340 POINTS AHEAD

(International News Service)
NEW YORK, April 3.—The illness of Mrs. Dorothy Sims today threatened discontinuance of the Sims-Culbertson contract bridge battle. The Culbertsons are leading in the 150-rubber match by 11,340 points. Under the rules of the match, if a contestant becomes ill and is unable to return after three days, the match is forfeited to the opposing team if their lead is greater than 8,000 points.

However, Mrs. Sims said she would continue to play "until I collapse." The illness of the wife of P. Hal Sims caused a recess to be declared in the middle of the last sessions so that only seven rubbers were played during the day.

The sessions were also slowed up through the presence of a microphone over the playing table supplied by a local radio broadcasting station. Culbertson and Sims forbade to play in their eagerness to broadcast the respective merits of their system.

Sims accused Ely Culbertson of trying to "hog" the microphone. "But I have something to tell the public—You haven't," countered Culbertson.

Mrs. Josephine Culbertson made the first "psychic" bid in her career. However, it was accidental.

She bid no-trump. Ely jumped the bid to three hearts. Mrs. Culbertson passed. Ely expressed his amazement she should pass his forcing bid. His wife explained she had meant to pass and bid a no-trump inadvertently. Culbertson just made his three hearts bid.

Why You Should Never Cut a Corn

If you are troubled with corns or callouses, do not run the risk of blood poison by paring them. Statistics show that many infections have occurred from this seemingly innocent practice of paring corns. Simply go to your druggist and get a few cents worth of Ice-Mint, rub a little on any painful corn or callous. Immediately the pain will disappear and in a short time the corn or callous will loosen and lift off easily with the fingers—root and all—leaving the surrounding skin in a healthy normal condition. This, together with the fact that Ice-Mint overcomes such afflictions as sore, tired, aching, puffed or burning feet and makes them cool, easy and comfortable, is probably responsible for the hearty endorsement given it by druggists. To rid one's feet of every hard corn, soft corn, corn between the toes or painful callouses in such a pleasant and safe way, makes it seem the height of folly for anyone to pare a corn and people are warned to stop it.

WASHINGTON, April 3.—The House Labor committee has informally agreed to recommend enactment of a 30-hour week bill, thus throwing the issue into controversy in both branches of congress.

The fight for a mandatory short work week threatened to complicate the administration's apparently difficult task of pushing through a two-year extension of the NRA.

With the 30-hour week bill of Senator Black (D) of Alabama slated for early consideration in the Senate, it may be passed before the NRA bill emerges from the senate finance committee.

The house committee, which is still undecided whether to choose the Black Bill or a similar measure introduced by Rep. Connery (D) of Massachusetts, also is expected to report the measure before the NRA bill reaches the house floor.

The strategy of the 30-hour week backers is to make a fight for adoption before an NRA bill is passed. If they fail they intend to make a drive to incorporate a 30-hour week limit in the NRA bill.

Under the Black and Connery bills, the short work week would be mandatory in the codes. The average work week in existing codes is about 40 hours a week.

The administration is emphatically opposed to the 30-hour week bill and members of the house committee were told no change of attitude is likely.

Strong labor groups in Congress may fight the administration's two-year NRA extension if the 30-hour proposal is defeated.

Blast Dislodges Mammoth Cat Fish

(International News Service)

HARRISBURG, April 3.—The state fish commission offers to prove the adage that there always are bigger fish left in the water than are ever caught.

Blasting near Ponk Bank, Franklin county, in search of the body of a mother believed drowned with her son, state police set off a charge of dynamite.

Hardly had the detonation died away before a huge catfish rolled lazily to the surface, dead. It weighed 15 pounds and four ounces.

The catfish was of the Great Lakes variety. How it got into Pennsylvania's inland waters is unknown.

FEWER ILLITERATE

HARRISBURG, April 3.—Ten years ago the total illiteracy in Pennsylvania was 312,000 adults who could not read or write. By reaching and teaching illiterate adults, extension education has since brought about a reduction of more than thirty-two per cent. in this total, according to the Department of Public Instruction.

NEURITIS AFFLICTION GROWING MORE SEVERE, LATEST REPORTS SHOW

Toxic Poisons In System Frequently Cause This Agonizing Ailment; Pains Described As Electrical Shock.

New, Scientific Medicine, Called Indo-Vin, Works With Sufferer's Food and Brings Amazing Relief; Costs Only a Trifle.

Neuritis, One of the Most Dreaded Afflictions of This Modern Age, Is Growing More Common Year After Year.

In recent months Neuritis has caused much discussion. This ailment is often mistaken for rheumatism, and it has been a puzzle to many authorities, but a new, scientific formula of natural medicines has been found that is bringing relief in some of the worst cases of neuritis ever reported. This new formula, known as Indo-Vin, is now being introduced to the public of New Castle at Eckerd's drug store.

In the more severe cases of neuritis the pains are piercing, just like hot daggers cutting into the nerves. Authorities have stated that the agony of neuritis is likened unto an electrical shock. The shooting pains may grab the sufferer at frequent intervals. Some call this affliction neuritis; others say it is like rheumatism, but in either event, it is one of the most agonizing ailments mankind is heir to.

It is surprising what Indo-Vin has done in such cases of neuritis suffering. It is taken after meals, and by mixing with the sufferer's food it makes the nerves stronger and, at the same time, it has a great action on the liver and kidneys, driving out the toxic poisons, thus reaching the very source of neuritis affliction.

Indo-Vin contains 32 ingredients, 22 of which are extracts from the finest medicinal plants, and not one harmful drug. It works with Nature, therefore, bringing lasting relief. In milder cases of neuritis, Indo-Vin frequently relieves the suffering at once. Severe cases of long-standing have often been so completely relieved that former vic-

tims said they never needed medicine again at all. It brings the same relief in cases of rheumatism. Of the first twelve cases of neuritis where Indo-Vin was used ten people reported that no sign of their trouble had returned within six months after the treatment. Therefore, relief in most cases is permanent and sure.

Indo-Vin is not a mineral salts or pill and not a powder or capsule, and it does not contain alcohol. It is a scientific formula containing a combination of nature's ingredients not found in any other known medicine, and while it is being introduced in New Castle every suffering person can try it at the small cost of only a few cents a day for the treatment. So if you are a victim of this dreadful affliction you owe it to yourself to get this new medicine and take it.

Indo-Vin is now being introduced to the public daily here in New Castle, at Eckerd's drug store. Also being sold in all the nearby towns by every good druggist throughout this whole New Castle section.

DAMAGES AWARDED FOR AUTO ACCIDENT

In the case of John and Helen Zelina against Albin S. Lutes, which was tried at court before Judge James A. Chambers, the jury awarded a verdict in favor of John Zelina for \$500 and Mrs. Zelina for \$200. The case was one in which Mrs. Zelina was struck by the Lutes car, while she was near a mail box on the Struthers and New Castle road. There was considerable difference of opinion as to just where Mrs. Zelina was on the road at the time she was struck.

PASTOR HAS WAR TOPIC FOR UPARATASA SPEECH

A radical pacifist is as dangerous as a radical militarist, the Rev. C. W. Johnstone, pastor of the Central Christian church, told the Uparatasa fraternity of the Y. M. C. A. last night. He spoke on "How are Young Men Going to Face the Next War?"

The fraternity will witness a one-act play, "Don't Make Me Laugh," on April 9 and hear an address on "Hobbies" by Elmer Tintman on April 16.

STOP BAD BREATH

Thousands of people afflicted with bad breath find quick relief through Dr. Edwards Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know. Dr. Edwards Olive Tablets act gently but firmly on the bowels, stimulating them to natural action, and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

Olive Tablets bring no gripping pain or any disagreeable effect.

Dr. F. M. Edwards discovered the formula after 20 years of practice among patients afflicted with constipation with the attendant bad breath.

Olive Tablets are purely a vegetable compound; you will know them by their olive color. Take one or two at bedtime for a week and note the effect. 15c, 30c, 60c.

Maxie Schmeling Asked To Battle James Braddock

Would Match Winner Of
Heavyweight Bout With
Maxie Baer For
Championship

By DAVIS J. WALSH
International News Service
Sports Editor

NEW YORK, April 3.—Everybody having benevolently decided to do the big thing, even if it meant that they might all have to consent to accept more money, Mr. Joe (Right Hand Crazy) Jacobs, the big salute man, had Max Schmeling on Chicago last night, trying to persuade him to come here and fight James J. Braddock. If the fighter was receptive, then it will be Schmeling versus Baer in May and the winner versus Baer for the heavy-weight championship in June—both New York productions.

If the fighter wasn't, it will be Schmeling versus Baer at Soldiers Field, Chicago—and you can go out and bet the dollar-ninety on this you were going to spend this week at the Baltimore Dairy Lunch.

Schmeling-Braddock Jacobs' elbow was jogged by a half hour's telephone conversation with Madison Square Garden last night. Madison Square Garden was moved to take action by yesterday's edict from the local boxing commission which announced that it didn't wish to drive any fights out of New York and that therefore, it was holding May open for Schmeling and Braddock and June for the title fight. Incidentally, the commission holds the chips here, for the Garden-Baer contract gives the board the right to pick a challenger. It has already picked Braddock.

This, secretly, is all right with Jacobs. He makes no money out of Schmeling abroad and, after thinking very doggedly, he has arrived at the conclusion that he'll do less for one American fight for Schmeling than he will for two. Moreover, he's supposed to have some sort of a clown contract with Schmeling, whereby he guarantees the former champion at least \$100,000 a year.

The automatically means that Jacobs must collect at least \$125,000 in purses during any given year or the money he'll owe himself will be nothing to laugh off in a high falsetto. That's his unbiased interest in doing the right thing by Braddock.

Avoid Rental

The Garden's aim is to avoid the ten percent rental they'd have to pay for Soldiers Field; also the two gates they'd get instead of one.

Meanwhile, much capital is being made of the fact that Promoter Mike Jacobs is so sterling a sportsman that he's willing to release Braddock for the Baer meeting. This would be all very superb, if it wasn't for the fact that Louis shot Mike as Baer for a Joe Louis shot in September and doesn't wish his plans muddled up. Braddock is the least likely of all possible muser-uppers.

CINCINNATI REDS

DEFEAT DETROIT

(International News Service)
LAKELAND, Fla., April 3.—Sad parting was made today for the Detroit Tigers with the memory of a bitter 8-6 defeat at the hands of the Cincinnati Reds yesterday.

The Tigers break camp today to start their 11 game exhibition tour with the Reds which will take them to St. Augustine this afternoon and put them in Cincinnati April 14, two days before the season opens.

THE SPORT PATROL

By JOHN J. MAHER, JR.

BROOKLYN DODGERS

For many years now the Brooklyn Dodgers have been the clowns of the major leagues. They entertained the fans in all eight National league parks, not by playing a good brand of ball, but by such maneuvers as having the runners trip over the bases, the outfielders hit on the dome by fly balls, and the pitchers handing out intentional passes with the bases loaded.

That has been the Brooklyn brand of baseball and when Casey Stengel was signed as the team's manager, the wit and humor of the team became even better. But in addition to fitting into the Brooklyn idea of how baseball fans are to be entertained, Casey knows the game and he knows how to handle players.

In the short space of one year Stengel has taken a club of veterans who were long since past the days of major league usefulness and converted the outfit into a first class baseball machine. The team as it goes on the field this spring lacks only a pair of starting hurlers to be on a par with the Giants or Cards.

Van Mungo, Emil Leonard and Ray Benge make up three-fifths of a good hurling staff. Two more starters will be needed, however, and they are likely to be selected from among Watson Clark, Johnny Babich, Bob Logan, Frank Lamanske and Leslie Munns.

However, though the pitching staff at this early date is very uncertain, Stengel has no cause for despair as yet. All five of the questionable starters have excellent recommendations so it is entirely possible that a pair of major league pitchers can be found in the group.

Watson Clark, a star in the past who has been bothered the last two seasons by a sore arm, is showing signs of rounding into shape. Johnny Babich looked pretty last season after he joined the Dodgers. Bob Logan won 20 games for Indianapolis in 1934. Frank Lamanske won 24 in the Western league. Leslie Munns' control has improved this spring and lack of control has been his only drawback.

The catching department causes no worry. Lopez is the best receiver in the league and will catch almost all of the games, barring accidents. Babe Phelps, obtained from the Cubs on waivers, won't be needed very often behind the bat, but his big bat will come in very handy in a pinch-hitting role.

The infield compares favorably with any in the league. Reading right to left, Leslie, Cuccinello, Frey and Stripp make up an inner cordon which has nary a weakness either offensively or on the defense.

Then, in reserve the Dodgers have Jimmy Jordan, Jim Bucher and Bobby Reis. Reis can play the outfield as well as second, short and third so will be a valuable man. Bucher had almost earned a regular job last year when he injured his leg; he's trying hard for Cuccinello's job now.

Len Koencke in center field is already an established star despite only one full season of major league experience. Taylor and Boyle round out the regular garden trio and there is no weakness there. Frenchy Bordagaray, the colorful little rookie, is trying hard to muscle in ahead of one of the latter two. Nick Tremark, five feet five, and 150 pounds, is still on the roster but will be optioned unless Stengel decides to keep him instead of the versatile Reis.

So while the Stenglers are generally being placed sixth or seventh in the league standing, don't be surprised if they land in the first division. And if two more hurlers can be found to work with Mungo, Leonard and Benge, the Dodgers may sneak in ahead of the field while the Giants and Cards are having a little private feud all their own.

East New Castle Gun Club Shows Some High Scores

Shooting on the East New Castle Gun Club range Monday night the members of the club turned in some exceptionally high scores. H. Anderson was high with 173 out of a possible 200 with the other scores as follows: J. Stewart, 172; J. Lawrence, 171; J. Kalajainen, 171; J. Fishy, 170; R. Anderson, 169; E. Johnson, 158; T. Shaffer, 156; E. Dean, 147; M. Mayberry, 130; R. Cassidy, 122; R. Reed, 112; R. Houk, 100; T. Henderson, 88.

The next shoot will be held on Tuesday evening, April 9 on the indoor range of the club.

Holy Names To Meet Thursday

Holy Names will meet at the Slovak hall at 7 o'clock Thursday evening for an athletic discussion, and shooting on the range. The Business Manager Johnny Carik today. The purpose of the meeting is to discuss the summer activities of the Holy Names and to try and organize baseball and softball teams. All members of the Holy Names are asked to attend the meeting.

HEADING NORTH

(International News Service)

ST. PETERSBURG, Fla., April 3.—The Yankees have a day off here today preparatory to breaking camp and heading north tomorrow. They concluded their local exhibition games here yesterday by licking the Braves 7-5, winning the Braves series six games to three after a poor start. Their complete record for the spring training camp stand is twelve victories out of sixteen contests.

Nick Tremark, five feet five, and 150 pounds, is still on the roster but will be optioned unless Stengel decides to keep him instead of the versatile Reis.

So while the Stenglers are generally being placed sixth or seventh in the league standing, don't be surprised if they land in the first division. And if two more hurlers can be found to work with Mungo, Leonard and Benge, the Dodgers may sneak in ahead of the field while the Giants and Cards are having a little private feud all their own.

American League Pennant Race Will Be Interesting One

By JOHN L. MCKEE
International News Service Sports
Writer

ATLANTA, Ga., April 3.—Anything can happen in the American league pennant race this year.

An even half dozen club managers of the circuit were asked by International News Service today for a candid opinion of their respective team's chances together with those of other clubs in the league, and all were unanimously agreed that the business of picking either a winner or a loser this season is simply a "toss up."

"The race this season will be a free-for-all scramble," declared Rogers Hornsby, who handles the affairs of the St. Louis Browns. "At the present time no team is particularly outstanding, although I believe Cleveland had a slight edge until Knickerbocker was incapacitated."

Another manager who with pardonable pride leans a little in the direction of Cleveland for a winner is Walter Johnson, who superintends the Indians.

No Great Teams.
"It's an open race," said Walter, "with three or four clubs having about equal chances to win. The New York club has a lot of power, especially in Gehrig and Dickey of Texas, but the Indians have a good chance too."

"It's a wide open affair," exclaimed Manager Joe Cronin of the Boston Red Sox. "There is not an outstanding club in the league this year."

"The race will be a six club affair with St. Louis and Chicago out," opined Stanley Harris of the Washington Senators. "The Yankees offer the most dangerous threat with Gomez."

Mack Undecided.
Connie Mack of the Philadelphia Athletics sees a free-for-all in the offing, gives his A's a chance to figure in the campaign, but registers pessimism over the league calibre as a whole.

"It looks like a very good race," said the Athletics' boss, "with every team about even. No club will run away with the pennant for none is outstanding. The one with good fortune will lead in the contest. We have a well balanced club this year that should figure in the contest. However, no wonder clubs of the past seasons are in the league this year. Maybe one will appear when the season gets under way, but it hasn't so far."

Cochrane Confident.
Mickey Cochrane is confident that his Detroit Tigers will be good in any five-club race in the league. Jim Dykes of the Chicago White Sox and Manager McCarthy of the New York club could not be reached.

TIETJE WILL HURL IN OPENING GAME

(International News Service)

GALVESTON, Tex., April 3.—For his part in handing the Pittsburgh Pirates a 9 to 1 trimming yesterday Les Tietje, the 23-year-old Iowa fireballer, will be the White Sox opening day pitcher against the Tigers in Detroit April 16, it was said today. Tietje blanked the Pirates for the six innings he pitched.

CASTLEMAN WILL GET MOUND DUTY

(International News Service)

JACKSON, Miss., April 3.—Here today for another game in the Giant-Cleveland exhibition series, Bill Terry announced he had definitely decided on Clyde Castleman for regular mound duty in 1935. He will see duty whenever the big four's routine is for any reason disrupted.

A fish cannot live after it has been scaled.

HERE AND THERE IN SPORTS' LAND

Members of the American Turf association held their annual meeting at Chicago yesterday and re-elected Matt J. Winn as president, and when the newly appointed West Virginia state horse racing commission organized at Charleston, W. Va., E. H. Tuckwiler of Lewisburg was named supervisor of the pari-mutuels at the Charles Town, Jefferson county, race track for the coming spring meeting.

The men's Olympic swimming committee at New York yesterday drew up a budget of \$25,760 as the amount that would be needed to send the United States men's team to the Olympic games at Berlin next year. A large amount of this, it is believed, can be raised through sectional and final tryouts and pre-Olympic meets.

Angelo Trullo of New York and George Nelson of Baltimore, seeded stars, were eliminated in the second round of the senior National A. A. U. four-wall handball singles championships yesterday at New York. Trullo lost to George Dire of Indianapolis and Joe Platak of Chicago won from Nelson.

The attic in which Jess Willard did preliminary training for his fight with Jack Dempsey was destroyed at Lawrence, Kansas, when fire leveled Broadway Inn, his former home. Defective wire was blamed. Willard now lives at Glendale, Cal.

Soft Ball Notes

KEYSTONE A. C. TO MEET

The Keystone A. C. sports committee consisting of Stan Coprowski, Tom Malle, and George P. Viggiano and Vincent Gallagher has called a special meeting tonight at 7:30 o'clock for the purpose of organizing a Keystone soft ball league among the members, and to arrange a schedule for the Keystone A. C. outside of the city soft ball league, to play games with Farrell, Beaver Falls, Youngstown, Butler and other cities. Any Venditto will manage the Keystone this year. Venditto is the old time baseball star with Union A. C., Italian A. C. and Brent.

CATHOLICS WILL MEET

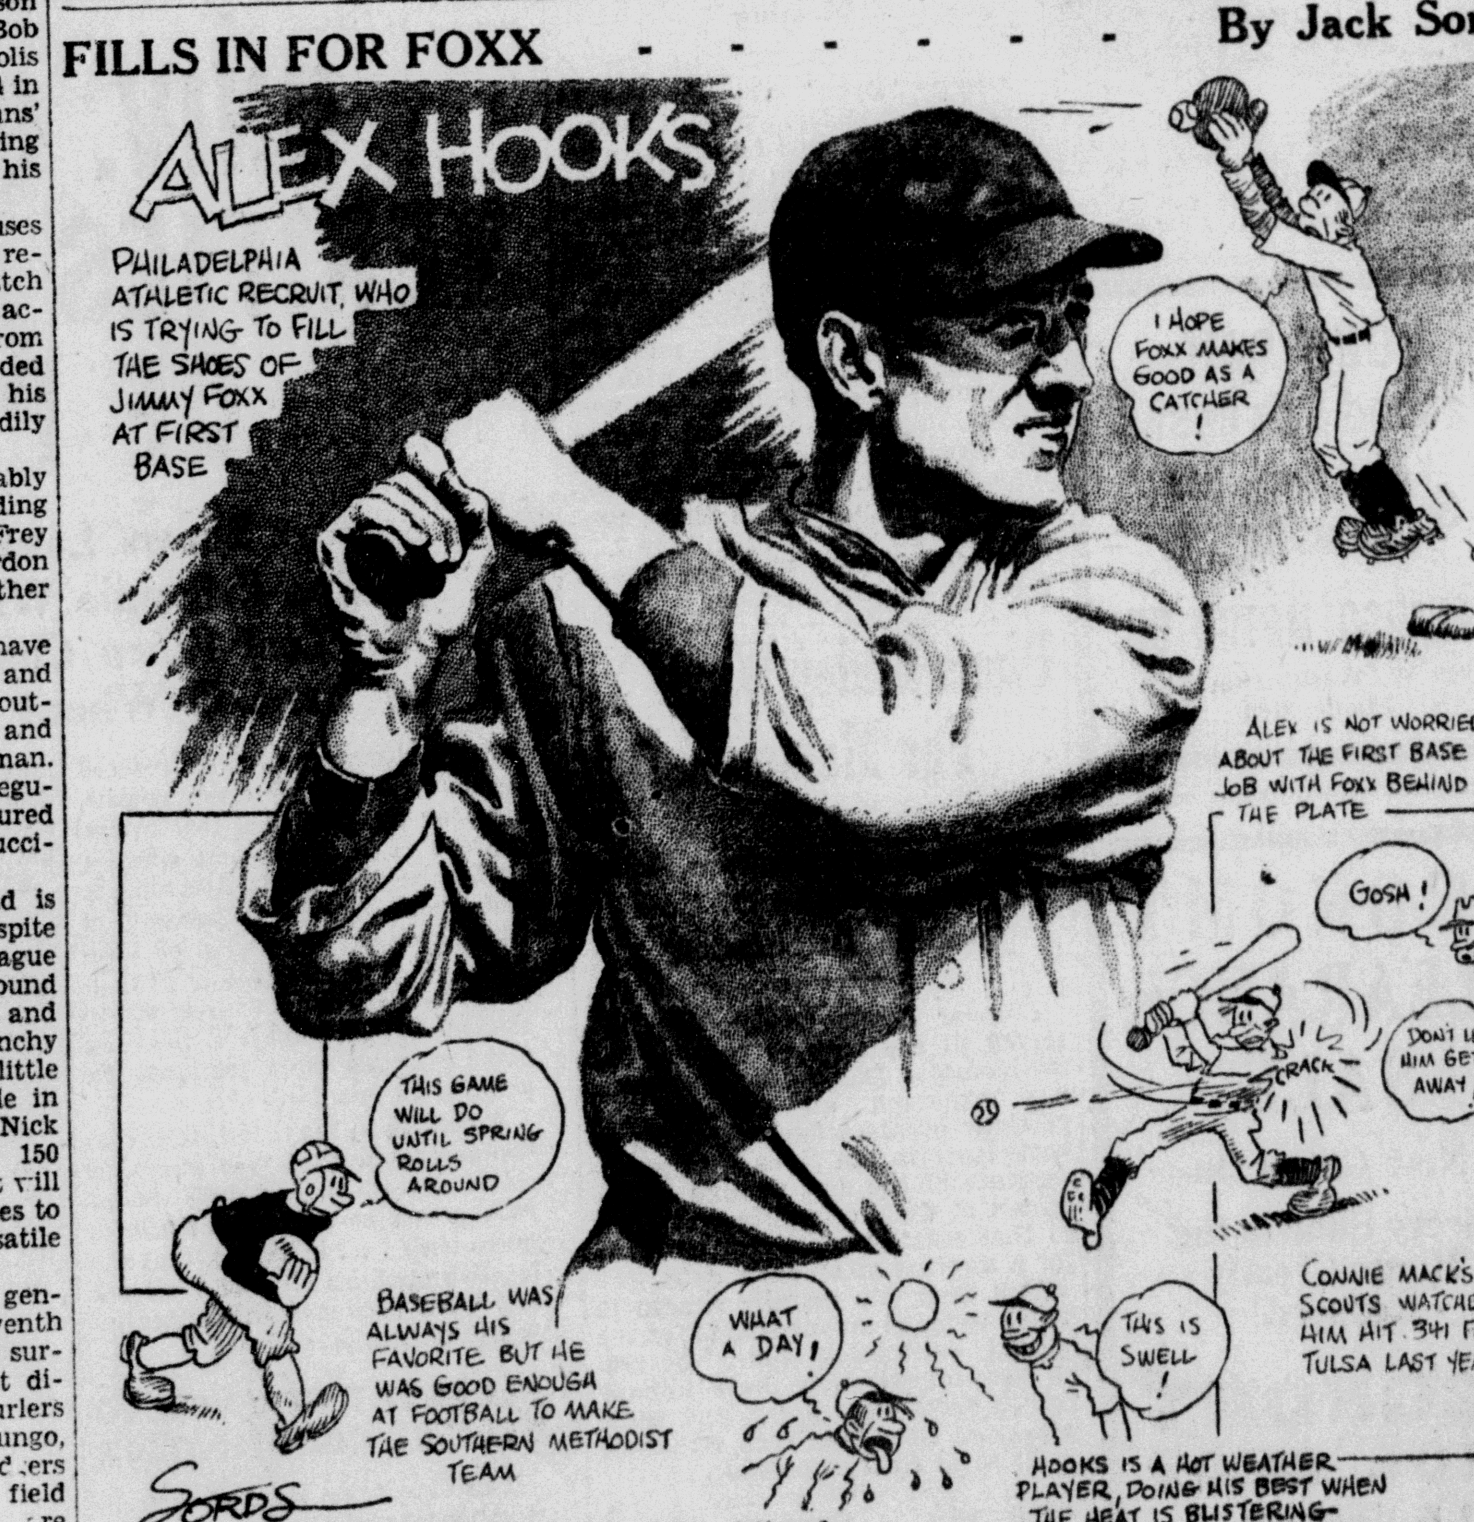

Catholic A. C. soft ball team of the city league will hold a first workout at the B. & O. field Thursday afternoon at 4:30 o'clock, it was announced today by DeCaprio and Coach Eddie Yerge.

The following boys should report: Vic Augustine, Louis Ross, Turco, Sanangelio, Colelio, Gennaro, M. Conglose, C. Conglose, G. Lamorella, J. Lamorella, Mabile, Scarazzo, Amobile, Kozela, Sniezek, A. Lamorella, Mastern and Ross. The Catholics will gather in the club rooms at 4:15 o'clock for a short talk.

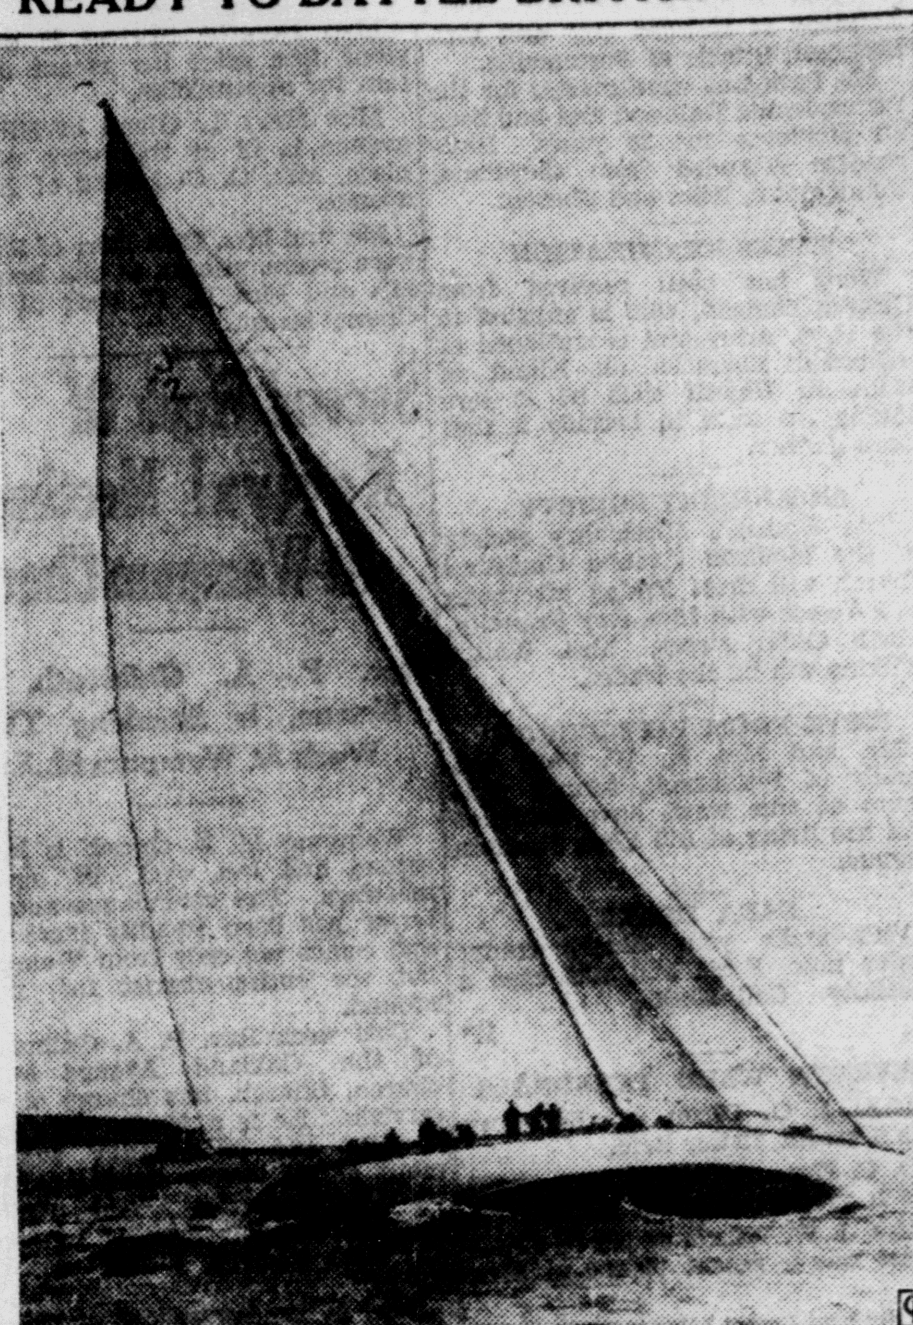

JUNIOR LEAGUE PROPOSED

A proposal has been made on the south side to organize a junior soft ball league. A meeting will be held Friday night at 7 o'clock at the Catholic club rooms to discuss the league plans. The age limit will be from 11 to 15 years. The meeting has been called by Charles "Mulligan" Yerge.

Bobby Jones In Augusta Tourney

National Golfing Stars
Ready To Start Play In
Augusta Tourney

(International News Service)
AUGUSTA, Ga., April 2.—The second annual Augusta National Invitation tournament, which gets under way here tomorrow with the genial Bobby Jones in the role of host, has 56 of the nation's best golfers already on hand.

Sixty-two champions, in all, have wired acceptances to compete for the major portion of the \$5,000 offered in prize money.

Backed by the loyalty and sentiment of the south, Bobby reigns as the bettor's choice at odds of 6 to 1. Gene Sarazen is next, being quoted at 7 to 1.

Many Champions
Paul Runyan, Horton Smith, Craig Wood, Olin Dutra, the National Open champ, Tommy Armour and Ed Dudley are also heavily backed in the betting.

Sarazen carded a 67 over the 18 holes of the National links here yesterday in a practice session. 17 strokes under par. Jones improved somewhat, carding a 72 in a round in which he was paired with Ed Dudley. Dutra, playing the course for the first time this year, came home with a proud 70.

Things start rolling tomorrow with Jones teeing off against Horton Smith, Sarazen taking on Tommy Armour, and Dutra paired against Lawson Little.

Announce Pairings
Other noted linksmen paired for the early elimination were Leo Diegel with John Golden, Paul Runyan with Ky Laffoon, Walter Hagen with Denny Shute, Bobby Cruikshank with Johnny Revolta, Jimmy Thomson with Wiffy Cox, Ed Dudley with Bill Burke, Craig Wood with Victor Ghezzi, Johnny Farrell with Harold McSpaden, Henry Picard with Harry Cooper, Ellie McFarlane with Willie Klein, Al Espinosa with Walter Kozak, Jimmie Hines with Joe Turnesa, Johnny Dawson with Dick Metz, Henry Ciuci with Mike Turnesa and Phil Perkins with Gus Moreland.

CCC Workers Answer "Hoey"

(International News Service)

CAMERON, Pa., April 3.—Striking back at Senator Huey P. Long's radio characterization of civilian conservation corps members as "bums and hoodlums," members of the camp here today answered the senator's charge.

In a letter they denounced Long's statement and expressed the hope "you will amend your defiant attitude towards this respectable organization of American youth."

FIRST BEETLES

(International News Service)

HARRISBURG—The adult Japanese beetles that emerge from the soil in flower pots on sunny window sills are the first reminder of spring to many housewives. Beetles also appear in late winter in greenhouses.

At a hearing before Alderman Wallace J. Ewing on Tuesday, Joseph Mangino, South Cedar street, was charged with larceny by Marie Piccolore, Lafayette street. She alleges Mangino took merchandise valued at \$23 from her home.

Alderman Ewing reserved his decision until Friday.

Weakness in Blue Chip Stocks Causes Market to Be Unsettled

(International News Service)
NEW YORK, April 3.—Weakness in blue chips unsettled the stock market again today.
Coca Cola slumped more than 3 points from its record high. U. S. Smelting fell 2 points more, DuPont was heavy.

Large-scale selling hit Consolidated Gas. Other utilities did little. Business news continued colorless. Steel operations were little changed while power production was down. Rail traffic showed a mixed trend. Foreign exchanges were quiet. Commodities were irregular and bonds dull.

Steel shares were steady, while motors and accessories ruled around the previous close.

Rails and oils were quiet.

Pressure continued on packing shares with Armour bearing the brunt. Foods were dull. American Tobacco B lost a point.

Large Crowd At Union Service

Rev. H. H. Halley Conducts Service in Novel Manner At U. P. Church

SERVICES TO BE HELD EVERY NIGHT

ELLWOOD CITY, April 3.—United Presbyterian church held a splendid crowd at the first of the Halley union services Monday evening, quite filling the main part of the spacious church, with a few in the Sabbath school room and in one of the balconies.

There had been much interest in the Halley meetings. They were different. Would everybody like them as well as the more familiar type of special meeting. Now everybody knows. They are different. Dr. H. H. Halley has a different way of teaching the Bible, and the Bible seems so real, the hush over the audience indicating a consciousness of the Divine Spirit living eternally in the Inspired Word. "Wasn't it fine?" was a characteristic comment after the meeting was over.

The sponsors of the meetings were happy, resting assured that the unusual pleasure and deeper satisfaction which was commonly felt would bear the good news around town and fill the church to capacity many times.

Rev. Joseph R. Routledge, president of the Ministerial association, presided. The chorus choir, under the direction of Rev. Bernice Osterhouse, Miss Irene Palmer at the organ, gave two numbers which carried inspiration to every hearer. The "hymn-sing" under the direction of Dr. Halley was new and proved a delight. In general, this plan will be followed throughout the meetings.

Two stanzas of each of four hymns, all in the same key, were sung in succession as if all one hymn. Dr. Halley has cards prepared with the hymns chosen to suit his purpose.

Mr. Routledge introduced Dr. H. H. Halley of Chicago in his own inimitable and happy manner.

Dr. Halley chose Genesis for the beginning of this study of the Bible. His addresses tonight and tomorrow night fit together with the address last night and constitute the key and basis of his interpretation of the Old Testament. Dr. Halley rescued the book of Genesis from the limbo of obscurity and confusion of difficult problems and made it live as the natural telling of the beginnings of a special manifestation of God's love for man. He characterized the first chapter of Genesis as one of the supreme expressions in all literature, and it seemed a simple thing for him to bring something of his own spirit upon the whole audience as he took up that majestic passage and repeated it word for word.

Dr. Halley's manner is strong with the strength of dignity and his own profound reverence. His presentation is a generous giving of life. At the close of the service Dr. Halley indicated briefly his plan for the meetings, dealing with the Old Testament this week and the New Testament next, and his hopes that many might join in this study of the Bible.

Rev. A. M. Stevenson will be the chairman of the meeting this evening. The meeting will begin promptly at 7:45 p. m.

BRAEDEN CIRCLE AT WIMER HOME

ELLWOOD CITY, April 3.—Mrs. Harry Wimer proved to be a charming hostess last evening when she opened her home at Wurttemberg to members of the Mary Braeden circle of the Wurttemberg U. P. church who assembled for the regular April meeting with nine members in attendance.

The fourth chapter of the mission book, Seed Corn was presented in an interesting manner by Mrs. Clayton Wilson as leader. Plans were made to hold a pie social at the church during the latter part of April.

After an informal social period the hostess assisted by Miss Jean Wimer served a tempting luncheon. Adjournment was then taken to meet again on Tuesday evening, May 7, at the home of Mrs. J. E. Caughey with Mrs. Clifford Gibbons as leader.

CHURCH MEETING

ELLWOOD CITY, April 3.—The yearly congregational meeting of the Wurttemberg United Presbyterian church will take place this evening at the church. An election of church officers and treasurers reports will be heard at this time.

Golden Wedding Anniversary Is Observed Here

Family And Friends Honor Mr. And Mrs. William G. Tilla, Yesterday

ELLWOOD CITY, April 3.—The home of Mrs. E. C. Wilson on Wayne avenue was the scene of a happy event yesterday when she entertained in honor of the golden wedding anniversary of her parents, Mr. and Mrs. William G. Tilla of this city. Throughout the day members of the family and friends from far and near came to congratulate the well known local couple on their 50th wedding anniversary. It was a memorable event. The home was beautifully decorated in a gold and white color scheme.

In the evening a delicious dinner was served at one large table in the dining room with covers laid for 35. After this many more guests appeared to honor the couple. There was an orchestra and entertainment at this time.

The honor guests were well known here, having lived in this city nearly all their lives. They were married April 2, 1885, in the manse of the Slippery Rock Presbyterian church by George S. Wright. There are four children living, H. E. Tilla of West Sunbury, Mrs. E. C. Wilson, John W. Tilla and C. E. Tilla, all of this city. There are also ten grandchildren and four great-grandchildren.

Mrs. Aylesworth Entertains Club

ELLWOOD CITY, April 3.—Miss Ann Witte dispensed pleasing hospitality to the members of the D. M. A. club last night at her home on Spring avenue. Mrs. Harry Witte, Jr., and Miss Frances Witte were special guests.

Bridge was the chief diversion of the evening with two tables in play. Miss Beatrice D. Bell, Miss Tynee Thompson, and Miss Dorothy Thompson were presented with the score awards at the close of the games.

At an appointed hour the hostess served an appetizing luncheon with the assistance of her sister, Frances. Miss Dorothy Thompson will entertain the club in two weeks at her home on Franklin avenue.

Meeting Held By Social Club Here

ELLWOOD CITY, April 3.—An interesting meeting was held by the Social club of the local J. C. Penney Company Tuesday evening at the home of Mr. and Mrs. Paul C. Reynolds. Sixteen members were present on the occasion.

The evening was spent in a general social manner. An interesting feature was a talk by Mrs. Rose Zimmerman who is president of the Daymond club of the company. She told of a meeting which was addressed by the founder of this store.

A delightful social time and refreshments followed. The club will meet again on May 7 at the home of John Christie in Ewing Park.

Says Huge Losses Being Occasioned

Administration Attitude On Utilities Blamed For Heavy Losses To Citizens

(International News Service)
WASHINGTON, April 3.—The bill to abolish public utility holding companies already has precipitated a steady decline in securities. F. E. Frothingham of Boston, representing the Investment Bankers Association, today told the House Interstate Commerce committee.

Charging the measure seeks reform at expense of widespread suffering, Frothingham predicted, it

May Send Forty Men From County To C. M. T. Camp

Increased Appropriations To Boost Number To Go From This County

REQUIREMENTS OF APPLICANTS SET OUT

With increased interest in military affairs and the probable increase in appropriations, the number of applicants for C. M. T. camps who will be accepted from Lawrence county this year will undoubtedly be increased.

There have been a number of questions asked as to eligibility requirements and conditions surrounding entrance to a C. M. T. camp. These are set out below.

The required age for the basic or first year training is from 17 to 24 years. No exception is made to this requirement.

Those who are ordered to attend the camps are given an allowance of five cents a mile for transportation to and from camp.

The trainee is not a member of the army and is not compelled to attend camp the following year unless he so desires.

While at camp all clothing except underwear, socks, handkerchiefs and toilet articles will be furnished by the government.

The camp period for this year is from July 10 to August 8.

Indications are that this year there will be approximately 40 go from Lawrence county. This is over three times the number that have attended camp from this county each of the last two years.

Proper Care.

The trainees are given good food, proper supervision, all necessary medical attention and all laundry is taken care of while in camp.

In the 14 years during which these camps have been conducted there has been practically no serious illness. There has not been a single

case of smallpox or of typhoid fever. The object of the C. M. T. camps is to bring together annually, for a month's training, the best representative young American citizens from all sections of the nation; to give them the basis of military instruction and that physical and moral development that will fit them to become influential leaders in their respective communities in times of peace and leaders for national defense in time of war; to inculcate a stronger patriotism and a wholesome respect for discipline and obedience to constituted authority; above all, to teach the young men of this generation their serious duties, responsibilities and obligation to home and country.

For recreation at the camps there is baseball, volleyball, track, tennis, swimming, motion pictures, theatricals, dances, lectures and entertainments. Boxing, wrestling, handball. Should an application be accepted and the applicant find it impossible to attend the camp all he needs to do is to notify the C. M. T. C. headquarters at Baltimore, early enough that they may notify another who may be on the waiting list.

All basic or first year men from this county will be sent to Fort George G. Meade, Maryland, situated about 18 miles southwest of Baltimore and about 30 miles northeast of Washington. Annapolis, the home of the United States Naval Academy, is about 16 miles east of the reservation.

Nation In Need Of Coolidge Economy

(International News Service) WASHINGTON, April 3.—"What this country needs is a dose, a double dose, of Coolidge economy," So declared former Vice President Charles Curtis Tuesday on a visit to Capitol Hill.

Asked what he thought of Republican prospects Curtis replied: "My mail shows the President is slipping fast. Republican prospects appear very bright. This new organization of young Republicans in the farm belt will spread to the rest of the country. It looks like a Republican victory in 1936."

On Court House Hill

The county treasury is again empty so far as the poor fund is concerned, although there is still \$14,000 in the general fund. The county commissioners borrowed \$30,000 for each fund, some time ago, and will be compelled to borrow again until the 1935 taxes begin to come in.

Final account of Mary E. Vandivort, executrix in the estate of the late Lucie D. Vandivort, has been confirmed by the court. The account shows total assets of \$5,412.49, credits of \$4,414.20, with a balance for distribution of \$998.29. This has been awarded to Mary E. Vandivort.

It is hard to keep track of the number of fishing licenses issued at the county treasurer's office, until reports from justices of the peace are turned in. Justices in a number of districts issue the licenses as a matter of convenience to residents of their neighborhoods. They report periodically to the county treasurer's office. The cost of a fishing license at the county treasurer's office is \$1.60.

A woman who is living in Beaver county and whose husband is living in New Castle, was at the county commissioners' office yesterday to see about the county getting her a pair of spectacles. While she is living in Beaver county she is on the Lawrence county relief rolls on account of her husband living here. She has not lived with her husband for some time. She was referred to Welfare Director M. B. Hogue as to her request for spectacles.

Under the will of the late John A.

Palmer, of Wilmington township, all his property is left to his wife for life. At her death it is to be equally divided among her children. Attorney William McElwee, Jr., is executor.

Jacob Pitts, of Wampum, is sole beneficiary under the will of his wife, Eva C. Pitts. Mr. Pitts is named executor of the estate.

Under the will of the late William W. Simpson, all of decedent's property is left to his wife. At her death it is to go to their children, Rufus Simpson and Emma Brown.

In the case of C. R. Minner against Robert Robertson, executor in the estate of Andrew Robertson, which was tried at court this week, the jury brought in a verdict in favor of the plaintiff for \$851. The suit was based on two notes and the verdict rendered by the jury includes interest on the notes.

In the estate of Martin McKissick, 13, and Harry L. McKissick, 11, Mrs. Goldie McKissick Hilliard, presented a petition in court, asking for the continuation of an allowance from the Lawrence Savings and Trust Company guardian. The minors are sons of Harry L. McKissick, deceased, and their estate consists of payments of \$15 per month from the United States Veterans' Bureau. Payments were made to the mother, now Mrs. John N. Hilliard, for six months from October, 1934, and the Veterans' Bureau is willing, with the approval of the court, to continue them for two years. The petition was granted.

Final account of James J. Dunn, Jr., administrator in the estate of James J. Dunn, Sr., late of the Sixth Ward, has been approved by the court. Total assets are shown as \$1,210.56, total credits, \$600.77. Balance for distribution, after filling costs, \$536.82. Of this amount James J. Dunn, Jr., Thomas A. Dunn, William Dunn, Winifred D. Shaughnessy, Martin Dunn and D. J. Dunn each get \$67.10, and Winifred Todd, Willard Todd and Anna May Todd, \$22.38.

Petition to fix the amount of a deficiency judgment was presented to court in the case of Albert J. Gwin, use of Clyde V. Alley, trustee, against James D. Cross and Maggie Cross. The case is one involving the fixing the value of a property on which there was a \$1,500 mortgage. Witnesses will be heard later to establish the value.
